JOE FLAHERTY'S DOLPHINS

SWIM PROGRAMS FOR ALL LEVELS & AGES

THE MISSION

In the midst of a safe and respectful environment, JFD will contribute to the overall development of

young people through building up

confidence, determination and cooperation to

help face the challenges of life.

THE MOTTO

*Have an Impossible Dream, Dare
Greatly to achieve it, and*

Don't Quit until you do.

OUR STAFF WILL

**Emphasize character*

**Use our unique JFD learning progressions*

**Use video replay stroke analysis*

www.jfdolphins.com 301-916-1852 Joefdolphins@gmail.com

ACCOMPLISHMENTS OF JFD SYSTEM GRADUATES:

- *Seven alumni swimmers made Olympic Trials
- *In 2018, 17 M.C. S. L. individual records held
- *In one season, 4 of the 8 PVS Outstanding swimmers
- *One alumnus won an Olympic Gold medal in 2016!!!!

AWARDS AND HONORS RECEIVED:

- *Doc Councilman Creative Coaching Award Received at the World's Coaches' Clinic from the American Swim Coaches Association
- *The Small Business Award in recognition of our Coaches Training Program from the Montgomery County Workforce Development Board
- *Coach Flaherty has made two presentations at the World's Coaches Convention
- *Our head coach was inducted into the MCSL Hall of Fame

JFD will not be competing in meets this season, so if you would like to free up a lot of time by not competing in PVS meets, and love aerobic conditioning, video re-play, advancing your skills, developing your character, and making friends, check us out. Coach Flaherty will no longer be coaching at Quince Orchard. If you live in that area, email joefeldolphins@gmail.com to get connected with long term JFD Coaches Shannon English or Kyle Brown, who will now be heading up the program at QO.

GEORGETOWN PREP SCHEDULE:

	TUESDAY-THURSDAY	
MONDAY-THURSDAY	**INTERMEDIATE LESSONS: SUNDAY	
STROKE & TURN CLINIC:	6:00PM-6:45 PM	ALL LEVELS
6:00PM - 7:00 PM	OR	4:30 PM- 7:30 PM
*ADVANCED ATHLETE:	6:45 - 7:00 PM	
6:00PM-7:30 PM		

*The Advanced Workout Group will be for swimmers looking to supplement their team training.

**Intermediate group must be able to swim 12.5 yards in deep water

Rule Changes in Effect Starting in 2026

PLEASE NOTE – ONLINE VERSION TAKES PRECEDENCE

Where any differences exist, the rules in this online version of the MCSL Handbook supersede those in the printed version. The online version contains certain USA Swimming and MCSL Technical Rule changes (^ indicated below) that came into effect after the printed version was produced.

The following rule changes are in effect starting with the 2026 season:

2.e.3 Uniform: Wearing a t-shirt or rashguard is **permitted** provided that it does not violate any other subclause of Rule 2.e.

^^2.e.10 Therapeutic Tape: Therapeutic elastic is **no longer prohibited**. In addition, as a consequence of injury, it is permissible to tape together not more than two fingers or toes.

11.j.ii.2 Electronic Exchange: Refer to Section 11.j.ii.2 for the complete rule. This change affects the pre-meet exchange of lineups. The change updates terminology from “email exchange” to “electronic exchange”, and emphasizes that entries must be exchanged at a mutually agreed-upon time and that teams cannot revise entries based on a review of the other team’s entries.

18.g.4: The swimmer must **remain** and finish the race in the same lane in which they started.

MCSL Technical Rules – 1.d.vi False Starts: A swimmer shall be disqualified for an illegal starting position at the start if the swimmer moves from a legal starting position to an illegal starting position immediately prior to or after the “take your marks” command provided that the illegal starting position exists when the signal to start the race is given. Enforcement of the correct starting position is the responsibility of the Starter or the Stroke and Turn Judges.

^^3.e, 4.d & 5.d Finish: For Butterfly (3.e), Backstroke (4.d) and Freestyle (5.d), once some part of the head of the swimmer has passed the final backstroke flags, immediately prior to reaching for the finish, the swimmer may be completely submerged.

Rule Changes in Effect Starting in 2025

Modifications to the rules to address scoring and seeding for **seven-team divisions**. The affected sections include 11.k, 11.l, 12.p, 13.u, 14.b, 14.c.

Relay Entry Cards. Relay Entry Cards will be white rather than tan. Relay exhibition entry cards will be blue rather than yellow. The affected sections include 11.q, 12.i, 13.r.

Rule Clarifications.

7.h.i.2 Clarifies the transfer application deadline.

2.e.4 and 2.e.11 Makes consistent the rules for swimmer attire under Section 2. General – Rule of Competition.

Letter from the MCSL President

Dear MCSL Team Reps, Coaches, Swimmers, and Families,

It's finally here!! On behalf of the MCSL Board, welcome to the 2026 season!

For more than half a century, the Montgomery County Swim League has been a summer institution, grown to 90 teams, thousands of families, and one shared chaotic, spirited ritual that kicks off every Memorial Day and wraps up at the end of July. Our League is a living reminder of what's possible when a community decides to show up for its kids, year after year after year.

What makes this League truly special, though, goes well beyond the swimming. Every week, five-year-olds jumping in for the first time line up alongside 17- and 18-year-olds who have spent their whole childhoods in these lanes. The older kids take the younger ones under their wings, cheering them on, showing them the ropes, and modeling what it looks like to participate with spirit and compete with heart. In time, those little ones grow up and become the mentors themselves. Add in the weekly themes, the costumes, the cheers, and the infectious team spirit that takes over every pool deck during meets, and you start to understand that what we're really building here isn't just swimmers, it's confident, caring, team-oriented young people who carry those lessons with them long after their last race.

Before we get in the water, there are a few updates to mention. The league voted to implement two rule changes: a new electronic line-up exchange rule, and a change allowing t-shirts and rash guards in competition. We've also incorporated multiple USA Swimming rule changes to keep MCSL aligned with rules at the national level.

As we head into the first meets, I'd like to reiterate a few important reminders that former MCSL President Kristine Frohman mentioned last year:

- How we act matters as much as, if not more than, how the athletes swim. Our kids are watching us - coaches, officials, and parents alike. Let's lead by example, and make it a league we're proud of.
- Let them love it. Not every swimmer will make All-Stars, but every swimmer can leave this summer feeling good about being part of a team. Cheer loud, celebrate effort, and let the fun be enough, because it is.
- MCSL belongs to everyone. We are committed to being a League where every swimmer, family, and volunteer feels welcomed and respected. Information on Safe Sport and Athlete Inclusion is available on our website.
- Volunteer. None of this works without you. Volunteer, participate, pick up a stop watch and get splashed. You'll be glad you did, and so will your team.

It's a privilege to lead this League, and I'm grateful to everyone who makes it run: reps, coaches, officials, and the countless volunteers who give up their Wednesday evenings and Saturday(ish) mornings so our kids can race. I can't wait for an awesome season!!

See you at the pool,
Jessica Moore, President, Montgomery County Swim League

MCSL Insurance Statement: The MCSL Board asks that all team representatives make sure that their respective pools have in force an insurance policy that is current for the upcoming summer and covers athletic events.

MCSL Legal Statement: MCSL is not in a position to, is not supposed to, and does not try to advise its member teams of federal, state or local laws which may apply to any of them. MCSL does want to remind each team to inquire for itself about applicable laws and to consult with the club with which it is affiliated. These laws could include, but are not limited to: its tax status for federal, state and local income tax purposes; rules applicable to payments made to coaches and guards; federal and state discrimination laws applicable to hiring and membership; sanitary laws applicable to food sales; sales tax rules; and health and safety issues.

Division Automation Liaisons upload MCSL meet results for their division to the MCSL database by 2 pm after each meet. Division Automation Liaisons function as the first level resource contact for questions concerning automation matters within the Division. Backing them up are members of the MCSL Automation Committee as listed on the MCSL Board page on the MCSL website.

Automation Software

The league provides to each team the Windows version of Hy-Tek's Meet Manager. We will continue to use Meet Manager version 8.0 this year. Look for updates on the MCSL automation page.

Each team is responsible for providing their own team manager software that is compatible with Meet Manager. Popular options for team management software are Swimtopia, Team Unify, and HyTek's Team Manager.

Please make sure that you have a computer with sufficient resources to adequately run the programs. It is strongly encouraged that you verify the operation of the components, especially the printers and drivers, well in advance of running a meet.

Automation Clinics

Automation training will be on Tuesday, June 2, 2026 at 7pm via Zoom. Go to the MCSL website <https://mcsl.org/automation/> for more details as well as for access to MCSL automation related documents.

Links to helpful YouTube videos and a recorded copy of the 2024 training session are available on the MCSL website.

2026 Meet Templates will be available on the MCSL website

2026 Event Files will be available on the MCSL website

Summer League Swimming – for Grown-Ups!

Who said only the kids can have fun in the pool?

Meet Events

25 Freestyle	50 Freestyle
25 Butterfly	50 Butterfly
25 Backstroke	50 Backstroke
25 Breaststroke	50 Breaststroke
100 IM (Fly/Back/Breast/ Free)	4 x 50 Freestyle Relay* 4 x 50 Medley Relay*

Races seeded by age group (50-59, etc.)

All relays are mixed age

Heat Winner Ribbons!

Walk-out songs! Fun Relays!

Bring your own La-Croix, or exchange a heat winner ribbon for your favorite beverage after you race.

Just remember - no glass on the pool deck!

Practice Schedule

Up to you & your team! Practices are always optional. Hire a coach or organize a casual meet up during free swim hours. We'll give you access to a wide selection of workouts for you to pick and choose your favorite sets from. Like a buffet. Yum!

Start a Team

grownupswimming.com/form-a-team

A team could be affiliated with a kid's summer league team, existing masters teams, or random groups of friends.

All we need is your Team Name, the Team Captain, and whether you want to host a meet.

But what will I do with my kids? I can't leave them at home!

Bring 'em to the meet, we'll need timers :)

\$75 Meet Participation Fee Includes:

- Entry into all four meets
- Starter/Official/DJ/Color Commentator
- Wireless timing system for all meets
- Trophies for top 3 team finishers
- Written and organized workouts
- Communication of all details regarding meet sign-ups, times, location, and relays
- Insurance

Start a team or join an existing team today!

Visit grownupswimming.com/dmv | Contact lauren@grownupswimming.com

A photograph of several swimmers in a pool, leaning forward in a starting position. They are wearing dark blue and black swimsuits. One swimmer in the foreground is wearing a black swim cap with an American flag design. Another swimmer behind them is wearing a white swim cap with a green, white, and red design. The background is slightly blurred, showing the pool's edge and some equipment.

all in!

The crack of the bat, swish of the net, the crowd cheering.

Supporting what truly matters in the game or on the sidelines.

Functions Required of MCSL Member Pools

All MCSL member pools are expected to provide personnel to perform the following functions. The number of personnel required and the distribution of assignments among them shall be determined by each team. The size of the team and the capabilities of the personnel should be considered when making such determinations.

1. Administer team organization

Satisfactory performance of all these functions will probably require more than one person (i.e. a committee)

- Create and maintain a team roster
- Arrange B meet schedule with other pools
- Assure that suitable individuals are trained and available to serve as officials

2. Manage meet operations

A single person should serve as the Meet Manager for each home meet, but performance of all the functions may be shared by more than one.

- Prepare meet programs and meet entry reports
- Prepare meet entries for A and B meets (coaches may do this)
- Deliver records packet to Division Automation Liaison
- Assign trained, competent officials for each meet
- For home team, serve as Meet Manager
- Assure adequacy of pool facility and equipment (required papers, starting equipment, backstroke flags, announcing system, monitoring of warm ups)
- Together with the visiting Rep, assure a hospitable atmosphere and good sportsmanship
- In the interest of safety, all MCSL meets should be considered no-drone zones and Team Reps and meet officials should do their best to prohibit the use of drones throughout competitions.

3. Represent team's interests

It is this function only that is required of the "Rep", though the person(s) appointed to be the Rep (and alternates) may perform many of the other functions.

At MCSL meetings:

- Carry information from the MCSL Board to the team
- Represent the team's views to MCSL Board and membership
- Vote on issues brought to the floor
- Submit rule/policy change proposals to the MCSL Board by November 1 for consideration for the following season.

At meets:

- Be available to discuss all situations regarding application of rules

Since a deck official must be unbiased and the Team Rep should be a team advocate, ***it is not appropriate that the person serving as Team Rep for any particular meet also serve as a deck official for that meet.*** However, the home team Rep may serve as the Meet Manager.

MCSL Rules for Competition

1. Purpose of League

- a. To provide organized, friendly team competition within a fair and wholesome environment at the neighborhood pool level;
- b. To help young people develop athletic skills; and
- c. To foster good sportsmanship, teamwork and an appreciation of the relationship between effort and success.

2. General – Rules of Competition

- a. Applicability. These rules govern all MCSL meets.
- b. United States Swimming (USA Swimming) rules govern all aspects of MCSL meets that are not specifically addressed by these rules.
- c. **Smoking.** Smoking is prohibited on the deck, in the locker rooms, in spectator areas and in all areas used by swimmers during the meet or warm-ups.
- d. **Participation in other swim leagues.** An MCSL team cannot participate as a team in meets sponsored by any other leagues during the MCSL season.
- e. **Swimwear.** MCSL follows USA Swimming rules with regard to eligible swimsuits for competition.
 1. **Swimwear shall include only a swimsuit, cap, and goggles.** It is not permissible to wear more than two (2) caps.
 2. **Armbands or leg bands** shall not be regarded as parts of the swimsuit and are not allowed.
 3. In swimming competitions, the swimmer must wear only one swimsuit in one or two pieces. It is permissible for the swimmer to wear a single set of garments underneath his or her competition suit for modesty and privacy reasons. Wearing a t-shirt or rashguard is also permitted provided that it does not violate any other subclause of Rule 2.e.
 4. **All swimsuits shall be made from textile materials** and must not be made of any rubberized type of material such as polyurethane or neoprene. **For men**, the swimsuit shall not extend above the navel nor below the knees. **For women**, the swimsuit shall not cover the neck, extend past the shoulder, nor extend below the knee. No zippers or other fastening devices are allowed, except for a waist tie on a brief or jammer. Exemptions to this rule will be granted only for conflicts due to a swimmer's religious beliefs, medical conditions, gender diversity, or any other reasons deemed appropriate by the Chair of the Rules Committee.
 5. A swimmer shall not wear a suit or cap bearing the name, insignia, or logo of any team or pool other than the MCSL team represented by the swimmer.
 6. Swimsuits worn for competition must be non-transparent and conform to the current concept of the appropriate.
 7. No swimmer is permitted to wear or use any device, substance or swimsuit to help his/her speed, pace, buoyancy or endurance during a race (such as webbed gloves, flippers, fins, power bands, adhesive substances, etc.).

8. **The use of technology and automated data collection devices** is permissible for the sole purpose of collecting data. Automated devices shall not be utilized to transmit data, sounds, or signals to the swimmer and may not be used to aid their speed.
 9. Goggles may be worn and rubdown oil applied if not considered excessive by the Referee.
 10. As a consequence of injury, it is permissible to tape together not more than two fingers or toes.
 11. No exemption to the swimsuit rule will be made that gives the swimmer a competitive advantage. Exemptions to this rule will be granted only for conflicts due to a swimmer's religious beliefs, medical conditions, gender diversity, or any other reasons deemed appropriate by the Chair of the Rules Committee.
 12. No technical suit shall be worn by any 12 and under MCSL athlete in competition in any dual meet, division relay meet, division championship meet, Coaches Invitational Long Course Meet, All Star Relay and All Star meets.
 - i. A Technical Suit is one that has the following components:
 - a. Any suit with bonded or taped seams regardless of its fabric or silhouette;
 - or
 - b. Any suit with woven fabric extending past the hips.
(Note: WOVEN FABRIC — A suit with woven fabric and sewn seams that does not extend below the hips is permitted.)
(Note: KNIT FABRIC — A suit with knit fabric and sewn seams not extending below the knees is permitted.)
- f. **Penalty.** Any violation of rule 2.e will result in disqualification without further warning except a swimmer that is observed to violate rule 2.e.4, 2.e.5, or 2.e.12 shall receive one warning to correct the uniform. If the observation of a violation occurs before the event, the swimmer shall correct the uniform before the start of the race. If the observation of the violation occurs after the start of an event, then the swimmer must correct the violation prior to their next event. Failure to correct the violation after a warning prior to an event will result in disqualification in that event. A brief delay to allow inverting a swim cap is appropriate. A delay to allow changing a swimsuit is not appropriate.

3. General – Rules of Sportsmanship

- a. Team representatives and coaches shall ensure good sportsmanship throughout all meets. As an example, team representatives and coaches shall ensure that there are no signs, objects or actions that are in bad taste or offensive to any team.
- b. Team representatives shall ensure that spectators do not interfere with officials in performance of their duties.
- c. Team representatives and coaches may consult with the referee, as necessary, but shall refrain from consulting or contacting the referee from the time the swimmers report to the starter until the event has been recorded. Team representatives and coaches should not consult with officials other than the referee.
- d. Team representatives and coaches shall ensure that the pool grounds and locker rooms used by their teams are thoroughly policed before departing. Trash should be picked up and chairs and pool equipment should be returned to their original locations.

- e. Any MCSL team that conducts itself in an unsportsmanlike manner or creates an unsportsmanlike or unsafe environment may be considered for appropriate action or penalty by the MCSL Board.

4. General – Pool Standards

- a. **Size of pool.** Pools must be 25 meters in length and have at least six competition lanes each at least seven feet wide. Pool depth at any end where swimmers dive into the pool must be at least four feet (measured at a distance of one meter from the wall out to five meters). If the pool depth is shallower than four feet, swimmers must start in the water at that end.
- b. **Backstroke flags.** Backstroke flags must be set at 5 meters from each end of the pool. Older pools that have their flags set at 15 feet must change to 5 meters when the pool is re-decked.

5. General – Required Equipment

- a. Each team must have:
 - i. A functioning electronic starter (home team usually provides at meet);
 - ii. A minimum of 10 digital watches;
 - iii. A computer;
 - iv. A printer;
 - v. Team management software compatible with Meet Manager™ software;
- b. MCSL provides each team:
 - i. Meet Manager software;
 - ii. Meet forms.
 - iii. Teams must use MCSL approved relay cards, disqualification cards, relay takeoff cards and dual/divisional meet cover sheets for all meets.

6. General – Team Rosters

- a. Each team representative shall maintain a current roster listing all swimmers on the team with their gender, birth date and address.

7. General – Eligibility of a Swimmer to Participate on a Team

- a. **Purpose.** To maintain a stable environment for team competition, it is generally expected that swimmers and their families will not seek to, nor be encouraged to, change MCSL teams unless the family moves residences. The MCSL's eligibility rules are established with this expectation in mind, recognizing that an individual's opportunity to participate with a particular team must be appropriately balanced against MCSL's legitimate interest in maintaining stability and competitive fairness within the MCSL.
- b. **Membership in pool.** Each swim team member must be a member of the pool for which he or she competes.
- c. **Type of membership.** Each swim team member's pool membership must be of the same type and on the same terms as a pool membership available to a non-swim team member.
- d. **USA Swimming Registered Swimmers** - MCSL teams shall not provide USA Swimming registered swimmers, either direct or indirect, financial

inducements that are not provided to any other non-USA Swimming registered swimmers. Direct financial inducements include, but may not be limited to, reductions of MCSL pool or swim team membership/program fees. Indirect financial inducements include, but may not be limited to, reductions of any pool or swim team membership/program fees associated with the USA Swimming team (or affiliated organization) for which the swimmer participates that are contingent upon the swimmer's participation on an affiliated MCSL Swim team.

- e. **Swim Team Members Employed at a Pool** - A swim team member may not compete for a pool at which the member is employed unless the member is also a member of the pool. If the member competed in "A" meets, including Dual meets, Divisional Relay Carnival or Divisional Championships, for a different MCSL pool in the previous season, the member's parent or guardian must apply to change teams (Section 7(h) of the MCSL rules) and must also be a member of the new pool.
- f. **Montgomery Village** - Eligibility of swimmers competing for pools in Montgomery Village shall be determined by geographic boundaries set and amended from time to time by the MCSL Rules Committee in conjunction with the team representatives of the Montgomery Village pools.
- g. **Team Transfers – No Prior Board Approval Required.**
 - i. **Change of Family Residence** - A swimmer may change pool membership and MCSL team when the swimmer's family moves residences. The swimmer has up to two years from the time of the move to make this change. A swimmer may not change teams during the swim season without the permission of the Rules Committee.
 - ii. **Waiting List** – A new swimmer who applies for membership in an MCSL pool and is put on a waiting list may join and swim for another MCSL pool until membership in the waiting list pool is obtained. Once the membership in the waiting list pool is obtained, the swimmer may join and swim for that pool's team with no loss of eligibility. However, the swimmer may not change teams during the swim season without permission of the Rules Committee.
 - iii. **Swimmer Did Not Swim "A" Meets the Prior Season** - If a swimmer did not participate in any MCSL "A" meets in the season immediately prior to the season for which the swimmer desires to make a change in team, the swimmer may transfer to another MCSL team without applying for approval from the Rules Committee.
 - iv. **Withdrawal of Team from MCSL** – If a swimmer's team chooses to withdraw from the MCSL, the swimmer may transfer to another MCSL team without applying to the Rules Committee or sitting out a season. The swimmer must become a member of the new pool before the swimmer can compete for that pool.
- h. **Team Transfers – Board Approval Required.**
 - i. **Application Process** - If a swimmer's parent or guardian believes it is necessary for the swimmer to change MCSL teams and the family has not made a change of residence or met the other conditions of Section 7(g), the parent or guardian must submit an application, to the Rules Committee chairman, requesting to change MCSL teams.
 - 1. The application must identify the circumstances requiring the change and must be signed by the parent or guardian.

2. Applications will not be accepted earlier than February 1st or later than June 1st of the year for which the change is sought. The rules committee reserves the right to consider special exceptions outside the transfer application deadlines.
3. Issues to be Considered by the Rules Committee in Rendering its Decisions - The Rules Committee, in its sole discretion, may deny the application for change in team if it has evidence of recruitment or if it deems the transfer to negatively affect the MCSL's legitimate interest in maintaining stability and competitive fairness within the league.
 - i. In order that families and teams have an understanding of the various issues that will be considered by the Rules Committee in granting or denying a request to change teams, the Rules Committee will post a document on the MCSL website that will identify issues the committee will consider during its deliberation.
 - ii. Final Ruling Date - The Rules Committee will approve or disapprove all applications on a rolling basis. If the transfer is approved, the swimmer must become a member of the new pool before the swimmer can compete for that pool. The Rules Committee chairman will notify both team representatives of the decision for their awareness.
 - iii. Denial of Transfer Request - If a transfer is denied or if a swimmer fails to apply, the swimmer may either continue to compete for their current MCSL team or may transfer to the team to which the transfer was denied but, in the case of a transfer, the swimmer will not be eligible to participate in "A" meets, including Dual meets, Divisional Relay Carnival or Divisional Championships, for their new team during the first season after the transfer occurs.
 - iv. Rules Committee Transfer Decisions are Final – Any transfer decision by the Rules Committee under this section of the MCSL rules is deemed to be final and not subject to protest.
- i. **Recruitment** – Consistent with Sections 1(a) and 7(a) of the MCSL rules, MCSL teams, including team representatives and coaches, shall not encourage swimmers and their families to change MCSL teams. Notwithstanding the above, recruitment shall not be deemed to have occurred if a swimmer transfers teams under conditions set forth in Section 7(g) of the MCSL Rules.

8. General – Officials

- a. **Team requirements.** Each team should have at least:
 1. Two MCSL certified referees;
 2. Two MCSL certified starters; and
 3. Two MCSL certified Stroke and Turn judges
 4. If a team cannot provide an appropriate certified official, the opposing team should provide that official. If neither team can provide the official, the teams should try to secure the services of a certified official from another MCSL team or from the MCSL Board. If no certified official is available, the host team should provide a person to fill the position.

- b. **Duties of officials.** The duties of officials are outlined in the Guide for Officials section of this handbook.
- c. **Use of stopwatches.** Stopwatches will not be used during a meet by any active official other than lane timers, the head timer and the assistant head timer.
- d. **Certification Requirements**
 - 1. **MCSL certification.** An individual must attend a position-specific MCSL clinic to be certified as a referee, starter or stroke and turn judge. To maintain certification, he or she must attend an MCSL clinic in that position once every two years. A referee must also be currently certified as a stroke and turn judge. Currently certified referees may maintain their stroke and turn, referee and starter (only if currently a certified starter) certifications by attending the Advanced Referee Clinic.
 - 2. **Record of certification.** Clinic attendees must register at the clinic to be certified. Record of certification is maintained by the MCSL.
 - 3. **Initial Stroke and Turn Certification:** First-time stroke and turn officials must pass an **online test** with a grade of 85% or higher.
 - 4. **Initial Referee Certification:** Effective with the 2024 MCSL season, any official desiring certification as a Referee must have two years' experience as a certified MCSL stroke and turn judge. Teams, or new teams joining the league, for which this requirement would pose an undue hardship may petition the MCSL Board for an exception on a team-by-team basis.
 - 5. **USA Swimming starter and stroke and turn judges.** A USA Swimming certified starter or stroke and turn judge may be MCSL certified based on his/her USA Swimming LSC certification.
 - 6. **CCSDA Stroke and Turn Judges.** A CCSDA certified Stroke and Turn Judge may be MCSL certified based on his/her CCSDA certification. CCSDA stroke and turn judges requesting first time MCSL reciprocity are subject to rule 8.d.3.

9. General – Age of Swimmers for MCSL Competition

- a. **Age of swimmer.** A swimmer shall compete for the MCSL season at the age he or she is on June 1. Since MCSL is an age-group, developmental league, swimmers should compete in their own age group (e.g., an 11-year-old in the 11-12 age group).
- b. **Swim-up rule.**
 - i. Purpose of the Swim Up Rule. The purpose of the Swim Up rule is to allow teams with an insufficient number of swimmers of a specific age and gender to fill lanes in events, requiring swimmers from that age and gender group, which would otherwise be left empty.
 - 1. The Swim Up rule shall not be used for the purpose of a team gaining a competitive advantage by replacing a swimmer, that is the correct age and available to swim, with a faster or more proficient swimmer from a lower age group. Should it be determined that a team deliberately misrepresented the availability of a swimmer in order to utilize a Swim Up, the team may be subject to sanctions as determined by the MCSL Board.
 - ii. General Application of the Rule. If a team does not have a sufficient number of swimmers of the correct age and gender in an age group, expected to be available to swim at the time entries are submitted,

and all the available and entered swimmers, not subsequently scratched, are entered in the maximum number of Age Specific Events available for swimmers of their age group, the team may swim a younger swimmer in an older age group (“Swim Up”) if:

1. the younger swimmer swims in the older age group for the entire meet; and
 2. the younger swimmer is not filling a position that is vacant because a swimmer in the older age group has been moved up to an even older age group.
- iii. Definition of Age Specific Event. For purposes of the Swim Up Rule, an Age Specific Event is defined as events swum at MCSL Dual, Division Championship and Division Relay Meets, with the exception of the 200M Open Age Medley Relay and the 100M 12 & Under Individual Medley.
- iv. Definition of Available Swimmer. For purposes of the Swim Up Rule, an Available Swimmer in a particular age group is a swimmer of the correct age and gender that meets all MCSL eligibility requirements under Rule 7 of the MCSL Rules for Competition, is listed on the team’s complete membership roster and has no conflict or medical condition that would prevent the swimmer being present and swimming at the meet. Availability of a swimmer is not impacted by the speed in which a swimmer is able to swim a particular stroke or the swimmer’s ability to swim a stroke legally.
- v. Specific Application of the Swim Up Rule by Type of Meet:
1. Swim Up’s are not allowed at the Coaches’ Invitational Long Course, All Star Relay and Individual All Star meets.
 2. Dual Meets.
 - a. Subject to the provisions of Rule 9.b.(ii), Swim Ups are allowed in the fastest heat of an event when a team has less than four Available Swimmers of the correct age in an age group.
 - b. Teams with fewer than six Available Swimmers of the correct age in an age group may also use Swim Ups in the slower heat of freestyle as long as the conditions under 9.b.(ii) are met.
 - c. The 200M Open Age Medley Relay shall not be considered when determining if an Available Swimmer of the correct age has been entered into the maximum number of Age Specific Events available to that swimmer.
 - d. The 12 & Under Individual Medley shall not be not be considered when determining if an Available Swimmer of the correct age in the 9-10 and 11-12 age groups has been entered into the maximum number of Age Specific Events available to that swimmer.
 - e. All Swimmers, including both Swim Ups and swimmers of the correct age, are subject to Rule 11.h.(i) which governs the number of events a swimmer may swim at Dual Meets.
 3. Division Championship Meet.
 - a. Subject to the provisions of Rule 9.b.(ii) Swim Ups are allowed at the Divisional Championship Meet when a team has less than three Available Swimmers, of the correct age in an age group, that are eligible for the meet under Rule 13.c. of the MCSL Rules of Competition.
 - b. The 200M Open Age Medley Relay shall not be considered when determining if an Available Swimmer of the correct

- age has been entered into the maximum number of Age Specific Events available to that swimmer.
- c. The 12 & Under Individual Medley shall not be not be considered when determining if an Available Swimmer of the correct age in the 9-10 and 11-12 age groups has been entered into the maximum number of Age Specific Events available to that swimmer.
 - d. All Swimmers, including both Swim Ups and swimmers of the correct age, are subject to Rule 13.g.(i) which governs the number of events a swimmer may swim at Divisional Championship Meets.
4. Division Relay Meet.
- a. Subject to the provisions of Rule 9.b.(ii) Swim Ups are allowed at the Division Relay Meet when a team has less than four Available Swimmers of the correct age.
 - b. The 200M Open Age Medley Relay shall not be considered when determining if an Available Swimmer of the correct age has been entered into the maximum number of Age Specific Events available to that swimmer.
- vi. Identifying swim-ups. Swim Ups must be identified on the meet entry report and relays that include a Swim Up must be identified with a checkmark on the Relay Entry Card.
- vii. Times Achieved by Swim Ups. Times achieved by Swim Ups are not eligible for use as a qualifying time for the Coaches' Invitational Long Course, Relay All Star and Individual All Star meets and are not eligible to set an MCSL record. Swimmers who are swimming up must be identified on the meet entry report. Relays that include a swim-up must be entered with a yellow relay card.
- c. **Open events.** Open events are open to all swimmers 18 years and younger.

10. General – Official Time

- a. **The official time** for each lane shall be determined by three lane timers with digital watches. The official time is the time of two watches that agree, or, if none agree, the middle time, and is recorded to the hundredths of a second (for example, 1:35.10). If three valid times are not available, the official time shall be calculated as follows:
 - i. Two valid times. If there are only two valid times, the official time is the average of those two times. For two times to be valid, there must have been three timers on the lane and a valid third time was not obtained. The assistant head timer and referee initial the lane/time sheet to accept the two times that were obtained.
 - ii. One valid time. If there is only a single valid time, that time becomes the official time. For a single time to be valid, there must have been three timers on the lane and valid second and third times were not obtained. The assistant head timer and the referee initial the lane/time sheet to accept that a single time was obtained.
 - iii. No valid time/referee or starter's sweep. If there is no valid time, the order of finish may be determined by the referee or starter's sweep. The three lane timers and the back-up timer (usually the assistant head timer) must tell the head timer that no valid time was obtained.
- b. **Rounding.** If the digital watches used record time to the thousandths of a second or if two times must be averaged, the digits representing

thousandths are dropped with no rounding (example: 1:35.109 becomes 1:35.10).

c. Electronic timing

- i. Dual Meets. By prior agreement of the team representatives and with approval of the MCSL Rules Committee obtained at least 48 hours in advance of the meet, the order of finish may be determined by electronic timing in accordance with USA Swimming rules for determining official times.
- ii. Coaches' Invitational Long Course, All Star Relay and Individual All Star meets. Electronic timing will be used in accordance with USA Swimming rules for determining official times.

11. Dual Meets

- a. **Schedule.** Team representatives vote to determine the MCSL calendar at the July MCSL meeting. A team's seed in the division determines its dual meet schedule. (See table, MCSL Calendar, Dual Meets in this handbook). Any change in schedule due to weather, pool conditions or other factors (e.g. religious reasons) must be communicated to the MCSL Automation Chair as soon as practicable.
- b. **Home pool change.** Any team that wants to use a pool other than its home pool for any dual meet during the season must receive approval from the MCSL Rules Committee prior to the start of the season.
- c. **Meet arrangements.** Approximately one week prior to the date of the meet, the home team representative should contact the visiting team representative concerning arrangements for the meet.
- d. **Rosters.** A swimmer must be on the team roster by noon the Friday before a Saturday meet to swim in that meet.
- e. **Events.** The order of events is on the back cover of this handbook.
- f. **Officials.**
 - i. Minimum. The following table lists the minimum number of officials each team should provide. Names of all officials must be recorded on the "Dual Meet Cover Sheet".
 - ii. Chief Judge. MCSL does not recommend the use of a Chief Judge at dual "A" meets.

Recommended Officials for Dual Meets		
Position	Home Team	Visiting Team
Certified Referee	1	
Certified Starter		1
Certified Stroke & Turn	2	2
Announcer	1	
Clerk of Course, Head	1	
Clerk of Course, Assistant		1
Head Timer	1	
Assistant Head Timer		1
Timers	9	9
Computer Operator	1	
Scorer/Automation Assistant		1
Verifiers/Proofreaders	1	1
Ribbons/Awards	1	1

- g. **Meet entries—number of entries per event.**
- i. Individual events. A team may enter no more than three swimmers in an individual event with one heat and six swimmers in the two-heat freestyle events
 - ii. Relay events. A team may enter no more than two relay teams in each event.

h. **Meet entries—number of events per swimmer.**

- i. A team may enter a swimmer in a maximum of five events. A team cannot enter a swimmer in all four individual stroke events (freestyle, backstroke, breaststroke and butterfly).

Example 1: If a swimmer is entered in the open Medley Relay, the Freestyle Relay and the Individual Medley, that swimmer can swim only two individual stroke events.

Example 2: If a swimmer is entered in either the open Medley Relay OR the Freestyle Relay (but not both relays), that swimmer may swim the Individual Medley and three individual stroke events.

- ii. If a team enters a swimmer in all four individual stroke events, the swimmer cannot swim the butterfly event. The entry in the butterfly event is treated as an empty lane.
 - iii. If a team enters a swimmer in two age groups, the swimmer shall swim in his or her correct age group. Each entry in the older age group is treated as an empty lane.
- i. **Meet entries—age of swimmer.** A swimmer shall compete for the MCSL season at the age he or she is on June 1. Since the MCSL is an age-group, developmental league, teams should strive to fill events with swimmers of the appropriate age (e.g., a 15-year-old in the 15-18 age group). However, if a team expects to have less than four swimmers of the correct age and gender in an age group available at a meet to swim, the team may swim a younger swimmer in an older age group (“swim-up”) subject to a number of restrictions. Please see above, “Rule 9b – Swim up rule”, for the specific requirements to swim a child in an older age group.

j. **Meet entries - exchange:**

- i. Deadline for exchange. Teams must exchange their dual meet entries for all individual events and current team rosters at the home pool or other location acceptable to both teams no later than noon on the day before the meet. No additions, deletions or other changes to the meet entries may be made after this meeting and before the scratch meeting the day of the meet without consent of both team representatives. Each team shall be assumed to have two relay teams per relay event.
- ii. Method of exchange
 1. In person exchange
 - a. The home team provides the visiting team:
 - i. A paper print out by swimmer of its meet entries for all individual events and
 - ii. A current team roster
 - b. The visiting team provides the home team:
 - i. A paper print out by swimmer of its meet entries for all individual events,
 - ii. A current team roster, and

- iii. A computer disk or equivalent compatible device containing its meet entries for all individual events and the current team roster.
 - c. MCSL recommends that teams review the paper copy of the entries and make any hand changes as necessary. The paper print out, with hand changes, becomes the official entry. Teams can enter relay swimmers on the day of the meet on an MCSL "Official Relay Entry Card".
2. Electronic exchange
 - a. Teams may exchange entries and team rosters electronically if both team representatives agree.
 - b. If teams choose to exchange entries and rosters electronically, the exchange must be submitted at a mutually agreed upon time. The electronically exchanged entries and roster become the official entries for the meet. A team cannot change its entries after the agreed upon electronic exchange, based upon the other team's entries, or before the scratch meeting without the consent of both team representatives.
 - c. By agreeing to electronic exchange, a team waives its right to protest any issues arising from the electronic exchange.
- k. **Lane assignments.** The visiting team chooses odd or even numbered lanes when the meet entries are exchanged. Lane 1 is the competition lane farthest to the right as the swimmers face the pool for a 50- or 100-meter event. Swimmers from each team are limited to their own lanes as assigned. In the event of a double-dual meet (i.e. three teams competing), the visiting teams shall flip a coin or use some other method to determine which teams choose lanes first and second. The home team shall choose third. The lane choices are: Lanes 1 & 4, lanes 2 & 5, and lanes 3 & 6.
 - l. **Heats.** Except for the individual freestyle events all individual events will have one heat. The individual freestyle events will have two heats, with the fastest three swimmers from each team swimming in the second heat. In the case of a double-dual meet, freestyle events will have three heats, with the fastest two swimmers from each team swimming in the third heat; all other individual events will have two heats. Relay events are competed in a single heat.
 - m. **Meet program/heat sheet and lane/timer sheets.** The home team shall use the paper print out of meet entries, if there are hand changes, and the computer disk or equivalent compatible device of each team's meet entries to produce the meet program and lane/timer sheets.
 - n. **Meet start time and other issues of punctuality.** Dual meets shall start at 9:00am on Saturday morning, unless both team representatives agree to a different start time. Teams shall report to their assigned areas at the home pool no later than 8:30am. When directed by the referee, swimmers may take a 20-minute warm-up swim after which they shall return to their team area and remain there until called to the clerk of course.
 - o. **Reporting for events.** Swimmers should report to the clerk of course promptly when their event is called. Progress of the meet should not be delayed for the late arrival of a swimmer.
 - p. **Scratches and substitutions.** Fifteen to twenty minutes before the meet begins (8:40 or 8:45am), the referee will conduct a scratch meeting. The

referee, each team coach, each team representative and the clerks of course should attend the scratch meeting. Scratches and substitutions may be made only at this meeting.

- i. **Scratches.** Each team may scratch a maximum of three swimmers and substitute new swimmers in the original swimmers' events. The original swimmers, once scratched, cannot compete in any events in that meet, including relay events.
- ii. **Substitutions**
 1. Teams may use more than one substitute swimmer to fill a scratched swimmer's events.
 2. Teams must scratch a swimmer for a substitute to swim; teams cannot add a swimmer to a lane that was empty when the meet entries were exchanged.
 3. Substitute swimmers must:
 - a. swim in the seeded place of the scratched swimmer;
 - b. if already in the meet, remain in their original events. The events added at the scratch meeting may not cause the substituted swimmers to exceed their event limits. (See above, Meet entries–number of events per swimmer);
 - c. if not already in the meet, be on the roster exchanged at noon on the day before with meet entries;
 - d. if a “swim-up”, not displace a swimmer in that age group. (See above, “General–Age of Swimmer for MCSL Competition”, swim-up rule).
- q. **Swimmer entries for relay events.** Teams enter swimmers in relay events at the meet by entering each swimmer's last name and first name in the space provided for that leg of the relay on the white MCSL “Official Relay Entry Card” and presenting the card to the clerk of course. Place a checkmark in the appropriate column to identify relay legs containing a swim-up. Teams must use blue cards for exhibition relays. Swimmers entered in relays must appear on the team roster as exchanged by noon the day before the meet and cannot be entered to swim in more than five events (see above, Meet entries-number of events per swimmer). Once the relay card has been presented to the clerk of course, the relay cannot be changed. The Relay Entry Card serves as the official relay entry; there is no requirement to enter relay events prior to presenting the Relay Entry Card to the clerk of course.
- r. **Placement of take-off judges for relays.** Dual confirmation shall be required to confirm an illegal take-off. The Take-off judging configuration shall consist of four (4) Take-Off Judges at each end of the pool requiring relay exchanges with two of the judges positioned on the side of the pool (Side Take-off judges) and two of the judges positioned in the middle of the pool (Lane Take-off judges). The Lane Take-off judges shall be positioned between lanes three (3) and four (4). The Side Take-off judge closest to lane one (1) and the Lane Take-off judge closest to lane three (3) have jurisdiction over lanes one (1) through three (3) and the Side Take-off judge closest to lane six (6) and Lane Take-off judge closest to lane four (4) have jurisdiction over lanes four (4) through six (6). Additionally, any two Take-off judges with jurisdiction over the same relay exchanges (observing take-offs for the same lanes) may not be from the same team. Take-off judges shall station themselves (after the first swimmer has started) alongside the next swimmer so that they can clearly

see both the touch of the incoming swimmer and the feet of the departing swimmer as the latter leaves the deck or wall.

- s. **Order of finish.** The order of finish for each event shall be the order determined by official times (see above, “General–Official Time”.)
- t. **Scoring.** Individual events are scored: 6-4-3-2-1. The relay events are scored: 8-4-2-0. Points are not awarded for any event unless the event is actually swum. In the event of a tie, the points for the tied place and the next place will be added and divided between the tied swimmers. The next finisher will receive the next place down. (**Example:** a tie for first in an individual event. Add the points for first and second place ($6 + 4 = 10$) and divide by 2 (10 divided by $2 = 5$). The two tied swimmers each receive five points and the next finisher receives third place and 3 points). Errors in scoring that affect win/loss records, if discovered by the time of divisionals, will be corrected, as well as any resulting changes in team rankings within the division.
- u. **Awards.** Ribbons in individual events for the first six places with duplicates for ties. For relays, ribbons for the first four places with duplicates for ties.
- v. **Meet results.**
 - i. Sent to MCSL automation liaison. The home team must e-mail the meet results, including the score, to the automation liaison and/or directly to the MCSL automation web site by 2:00 p.m. the day of the meet.
 - ii. Kept by home team. The home team retains the following until the end of the season:
 - 1. Each team’s meet entries as marked by the clerk(s) of course at the scratch meeting.
 - 2. Cover sheet signed by representatives of both teams that includes the score and the names of all meet officials.
 - 3. Relay cards.
 - 4. Lane/timer sheets.
 - 5. DQ cards.
 - 6. Printed copy of the meet results.
- w. **Availability of meet results.** If requested, teams must make dual meet results available to other teams for review.
- x. **Postponed or interrupted meets.** A postponed or interrupted meet shall be considered one continuous meet. The roster and original meet entries cannot be changed. The meet shall be rescheduled by mutual agreement of the team representatives before the next regularly scheduled meet (usually before the next Saturday).
- y. **Exhibition swimming.** Exhibition swimming is permitted for swimmers disqualified for false starts (where the start signal is not given) and for other swimmers if both teams agree. No additional heats shall be added to accommodate exhibition swims. An exhibition swimmer may not place in an event, and the time may not be included in his/her team’s results. An exhibition swim does not count as a MCSL dual meet swim to qualify for the division championship meet (divisionals) and cannot be used to seed a swimmer in divisionals.

12. Division Relay Meet (Relay Carnival)

- a. **Schedule and host pool.** Division relay meets shall be held within a calendar window determined at the July MCSL meeting. At the April MCSL meeting, the division team representatives choose a date and host pool. Team representatives should also choose a rain date at this time.
- b. **Meet arrangements.** Approximately one week before the meet, the team representatives shall meet at the host pool to discuss officials, team areas and other meet details.
- c. **Rosters.** Team rosters must be exchanged no later than noon the day preceding the original date of the meet. If teams exchange rosters earlier, they may add swimmers, if necessary, as long as they notify the host pool no later than noon on the day preceding the original date of the meet. A swimmer must be on the roster by this time to compete.
- d. **Events.** See “Order of Events: Relay Meet” in this handbook. Any mixed relay event must be composed of two boys and two girls. All medley relays must be swum in the following order: backstroke, breaststroke, butterfly and freestyle. See also Section 7 Relays, in the Rules for Starts and for Swimming the Strokes.
- e. **Officials.** No team should furnish more than two certified officials (referee, starter, chief judge and stroke and turn judge). The list of officials needed to staff the meet can be found in the MCSL Meet Management Handbook. Names of all officials must be recorded on the meet cover sheet.
- f. **Meet entries – number of entries per event.** Each team may enter only one relay team per event.
- g. **Meet entries – number of events per swimmer.** In the division relay meet, a swimmer may compete in as many events as he/she qualifies for based on his/her age and gender.
- h. **Meet entries – age of swimmer.** A swimmer shall compete for the MCSL season at the age he or she is on June 1. Since the MCSL is an age-group, developmental league, teams should strive to fill events with swimmers of the appropriate age (e.g., a 15-year-old in the 15-18 age group). However, if a team expects to have fewer than four swimmers of the correct age and gender in an age group available at a meet to swim, the team may swim a younger swimmer in an older age group (“swim-up”) subject to a number of restrictions. Please see above, “Rule 9b – Swim-up rule”, for the specific requirements to swim a child in an older age group. Relays that include a swim-up must be entered on a yellow card. Relays with swim-ups may place and score points, but cannot go to Relay All Stars.
- i. **Meet entries – method of entry.** The official meet entry for each relay is the white “Official Relay Entry Card.” Exhibition relays must be entered on a blue card. Each relay swimmer’s last name and first name must be entered on this card in the space provided for that swimmer’s leg of the relay. Place a checkmark in the appropriate column to identify relay legs containing a swim-up. The entry becomes final when the card is given to the clerk of course. Once the card has been presented to the clerk, the swimmers in the relay cannot be changed. There is no scratch meeting at a division relay meet.

- j. **Lane assignments.** In the first event, the teams will be assigned the lane number corresponding to their original seed in the division, i.e., the team seeded number 1 at the start of the season will take lane 1. In subsequent events, lane assignments will rotate in increasing numeric order, i.e., the team in lane 1 in event 1 moves to lane 2 in event 2. A seven-team division utilizing an eight-lane pool will assign lanes and rotate as described above. For a seven-team division utilizing a six-lane pool, events will require two heats: lanes 2-3-4 will be used in Heat 1, lanes 2-3-4-5 will be used in Heat 2. The team seeded number 1 at the start of the season will take lane 2/heat 2 in event 1; in subsequent events, that team will rotate through lane 3/heat 2, lane 4/heat 2, lane 5/heat 2, lane 2/heat 1, lane 3/heat 1 and lane 4/heat 1. Note that lane assignments for a seven-team division should revert to the default assignments for a six-team division if only six teams participate.
- k. **Heats.** There is one heat per event, except for seven-team divisions utilizing six-lane pools as described in 12(j) above.
- l. **Meet start time and other issues of punctuality.** A division may choose to swim its relay meet in the evening or on Sunday morning. Sample meet schedules are available in the MCSL Meet Management Handbook.
- m. **Reporting for events.** Swimmers should report to the clerk of course promptly when their event is called. Progress of the meet should not be delayed for the late arrival of a swimmer.
- n. **Placement of take-off judges for relays.** Dual confirmation shall be required to confirm an illegal take-off. The Take-off judging configuration shall consist of four (4) Take-Off Judges at each end of the pool requiring relay exchanges with two of the judges positioned on the side of the pool (Side Take-off judges) and two of the judges positioned in the middle of the pool (Lane Take-off judges). The Lane Take-off judges shall be positioned between lanes three (3) and four (4). The Side Take-off judge closest to lane one (1) and the Lane Take-off judge closest to lane three (3) have jurisdiction over lanes one (1) through three (3) and the Side Take-off judge closest to lane six (6) and Lane Take-off judge closest to lane four (4) have jurisdiction over lanes four (4) through six (6). Additionally, any two Take-off judges with jurisdiction over the same relay exchanges (observing take-offs for the same lanes) may not be from the same team. Take-off judges shall station themselves (after the first swimmer has started) alongside the next swimmer so that they can clearly see both the touch of the incoming swimmer and the feet of the departing swimmer as the latter leaves the deck or wall.
- o. **Order of finish.** The order of finish for each event shall be the order determined by official times. (See above, “General–Official Time”).
- p. **Scoring.** Points for 1st through 6th place in each event are: 14-10-8-6-4-2. For seven, five and four team divisions the points are respectively, 16-12-10-8-6-4-2, 12-8-6-4-2 and 10-6-4-2. Note that scoring for a seven-team division should revert to the default scoring for a six-team division if only six teams participate. Points are not awarded for any event unless the event is actually swum. In the event of a tie, the points for the tied place and the next place will be added and divided between the tied relay teams. The next finisher will receive the next place down. (Example-in a tie for first, add the points for first and second place (14 + 10 = 24) and divide by 2 (24 divided by 2 = 12). The two tied relay teams each receive

twelve points and the next finisher receives third place.) Errors in scoring that affect won/loss records, if discovered by the time of divisionals, will be corrected as will any resulting changes in team rankings within the division.

- q. **Awards.** MCSL medals for first place, ribbons for second through sixth place. Duplicates awarded for ties.
- r. **Meet results.** The division automation liaison will forward the meet results to the MCSL automation chair.
- s. **Postponed or interrupted meets.** A postponed or interrupted meet shall be considered one continuous meet. Swimmers cannot be added to the roster. Relay meets must be made up before the end of the calendar window set by the MCSL each season.
- t. **Exhibition swimming.** Exhibition swimming is permitted for relays disqualified for false starts (where the start signal is not given) and for other relays if all teams agree. No additional heat shall be added to accommodate exhibition swims. An exhibition relay may not place in an event nor can its time be used to seed a relay in divisionals.
- u. **Relay All Stars.** Relay teams that place first in each event except the Open Medley Relay (events #8 and #9) and the Graduated Freestyle Relay (events #1 and #2) are invited to Relay All Stars unless the relay team includes a swim-up. If the winning relay includes a swim-up or is an exhibition swim, the second-place team will be invited. Invitations for Open Medley (events #8 and #9) and the Freestyle (events #1 and #2) are extended to the relay teams with the fastest time in those events over the current season, including swims at all five dual meets and the division championship (divisionals) meet.

13. Division Championship Meet (Divisionals)

- a. **Schedule and host pool.** The divisional championship meet is held on the Saturday after the last dual meet. The host pool is determined by the division team representatives at the April MCSL meeting.
- b. **Meet arrangements.** The organizational meeting should be held on the Sunday before the championship meet unless another time is agreeable to all teams in the division. The seeding meeting should be held in conjunction with or later than the organizational meeting, at a time and place agreed by a majority of the teams in the division.
- c. **Rosters.** To swim in divisionals, a swimmer must have swum in at least one MCSL dual (“A”) meet during the current season. Therefore, the team roster for divisionals should include only those swimmers who have swum in at least one dual (“A”) meet during the current season.
- d. **Events.** The order of events is on the back cover of this handbook.
- e. **Officials.** No team should furnish more than two certified officials (referee, starter, chief judge and stroke and turn judge). The list of officials needed to staff the meet can be found in the MCSL Meet Management Handbook. Names of all officials must be recorded on the meet cover sheet.
- f. **Meet entries – number of entries per event.**
 - i. Individual events. A team may enter no more than two swimmers in any individual event.

- ii. Relay events. A team may enter no more than one relay team in any relay event.
- g. **Meet entries – number of events per swimmer.**
- i. A team may enter a swimmer in a maximum of five events. A team cannot enter a swimmer in all four individual stroke events (freestyle, backstroke, breaststroke and butterfly).
Example 1: If a swimmer is entered in the Open Medley Relay, the Freestyle Relay and the Individual Medley, that swimmer can only swim two individual stroke events.
Example 2: If a swimmer is entered in either the Open Medley Relay OR the Freestyle Relay (but not both relays), that swimmer may swim the Individual Medley and three individual stroke events.
 - ii. If a team enters a swimmer in all four individual stroke events, the swimmer cannot swim the butterfly event. The entry in the butterfly event is treated as an empty lane.
 - iii. If a team enters a swimmer in two age groups, the swimmer shall swim in his or her correct age group. Each entry in the older age group is treated as an empty lane.
- h. **Meet entries – age of swimmer.** A swimmer shall compete for the MCSL season at the age he or she is on June 1. Since the MCSL is an age-group, developmental league, teams should strive to fill events with swimmers of the appropriate age (e.g., a 15-year-old in the 15-18 age group). However, if a team expects to have fewer than four swimmers of the correct age and gender in an age group available at a meet to swim, the team may swim a younger swimmer in an older age group (“swim-up”) subject to a number of restrictions. Please see above, “Rule 9b – Swim-up rule” for the specific requirements to swim a child in an older age group.
- i. **Meet entries – seeding times.** Swimmers and relays must be entered in an event with the best time achieved during the current MCSL season. Times must be achieved in a current season MCSL dual (“A”) meet or the division relay (relay carnival) meet. Times achieved as a “swim-up” in an MCSL dual (“A”) meet can be used as long as the stroke and distance of the swim-up event is the same as the swimmer’s divisional event. If an eligible swimmer has not swum a particular event in an MCSL meet, that swimmer must be entered with a “no time”, Exhibition times, previous season times, and “B” meet times cannot be used as seeding times for divisionals.
- j. **Meet entries – exchange.** The coach and the team representative from each team should attend the divisional seeding meeting. Each team brings to that meeting:
- i. A paper print out by swimmer of its meet entries for all individual events;
 - ii. A paper print out of the current team roster;
 - iii. A computer disk or equivalent compatible device that includes all individual entries and the current team roster.
- k. **Meet entries – deadline.** Once the seeding meeting is completed, no additions, deletions or other changes can be made to the meet entries until the scratch meeting at the meet without the consent of all team representatives.

- l. **Lane assignments.** Lane assignments shall be based on seeding times.
- m. **Heats.** There will be two heats of every individual event and one heat of every relay event. In events with two heats, the fastest swimmers shall swim in the second heat. For seven-team division utilizing six-lane pools, there will be three heats of every individual event and two heats of every relay event. The fastest swimmers/relays shall swim in the last heat.
- n. **Meet program/heat sheet and lane/timer sheets.** At the conclusion of the seeding meeting, each team should receive a copy of the heat sheet for the meet listing the lane and heat of each of the team's swimmers. The division should choose a team to run automation for the Divisional meet. If no team is selected, the home team shall make a disk (or equivalent compatible device) of each team's meet entries suitable for producing heat sheet/program and lane/timer sheets. If there are changes to the entries, then the home team shall print the paper copy with hand changes.
- o. **Meet start time and other issues of punctuality.** The division championship meet usually begins at 8 a.m. on the Saturday after the last dual meet, unless all team representatives agree to a different start time. Teams shall report to their assigned areas at the host pool, and when directed by the referee, take a short warm-up swim after which they shall return to their team area and remain there until called to the clerk of course. Sample meet schedules are available in the MCSL Meet Management Handbook.
- p. **Reporting for events.** Swimmers should report to the clerk of course promptly when their event is called. Progress of the meet should not be delayed for the late arrival of a swimmer.
- q. **Scratches and substitutions.** At least fifteen to twenty minutes before the meet begins, the referee will conduct a scratch meeting. The referee, each team coach, each team representative and the clerks of course should attend the scratch meeting. Scratches and substitutions may be made only at this meeting.
 - i. **Scratches.** Each team may scratch a maximum of three swimmers and substitute new swimmers in the original swimmer's events. The original swimmers, once scratched, cannot compete in any events in that meet including the relay events.
 - ii. **Substitutions.**
 1. Teams may use more than one substitute swimmer to fill a scratched swimmer's events.
 2. Teams must scratch a swimmer for the substitute to swim; teams cannot add a swimmer to a lane that was empty when the meet entries were exchanged at the seeding meeting.
 3. Substitute swimmers must:
 - a. swim in the seeded place of the scratched swimmer;
 - b. if already in the meet, remain in their original events. The events added at the scratch meeting may not cause the substitute swimmer to exceed their event limits. (See above, Meet entries—number of events per swimmer);
 - c. if not already in the meet, have swum in at least one MCSL dual ("A") meet during the current season;
 - d. if a "swim-up", not displace a swimmer in that age group. (See above, "General—Age of Swimmer for MCSL Competition", swim-up rule).

- r. **Swimmer entries for relay events.** Teams enter swimmers in relay events at the meet by entering each swimmer's last name and first name in the space provided for that leg of the relay on the white MCSL "Official Relay Entry Card" and presenting it to the clerk of course. Place a checkmark in the appropriate column to identify relay legs containing a swim-up. Teams must use blue cards for exhibition relays. Swimmers entered in the relays must appear on the team roster as exchanged at the divisional seeding meeting, must have swum in at least one MCSL dual ("A") meet during the current season and cannot be entered or swim in more than five events (see above, Meet entries—number of events per swimmer). Once the relay card has been presented to the clerk of course, the relay cannot be changed.
- s. **Placement of take-off judges for relays.** Dual confirmation shall be required to confirm an illegal take-off. The Take-off judging configuration shall consist of four (4) Take-Off Judges at each end of the pool requiring relay exchanges with two of the judges positioned on the side of the pool (Side Take-off judges) and two of the judges positioned in the middle of the pool (Lane Take-off judges). The Lane Take-off judges shall be positioned between lanes three (3) and four (4). The Side Take-off judge closest to lane one (1) and the Lane Take-off judge closest to lane three (3) have jurisdiction over lanes one (1) through three (3) and the Side Take-off judge closest to lane six (6) and Lane Take-off judge closest to lane four (4) have jurisdiction over lanes four (4) through six (6). Additionally, any two Take-off judges with jurisdiction over the same relay exchanges (observing take-offs for the same lanes) may not be from the same team. Take-off judges shall station themselves (after the first swimmer has started) alongside the next swimmer so that they can clearly see both the touch of the incoming swimmer and the feet of the departing swimmer as the latter leaves the deck or wall.
- t. **Order of finish.** The order of finish for each event shall be the order determined by official times. (See above, "General—Official Time.")
- u. **Scoring.** Points for individual events places 1st to 12th are: 16-13-12-11-10-9-7-5-4-3-2-1. For seven-team divisions, the points are: 18-15-14-13-12-11-10-8-6-5-4-3-2-1. For five- and four-team divisions the points are respectively: 14-11-10-9-8-6-4-3-2-1 and 12-9-8-7-5-3-2-1. Points for relay events are 28-20-16-12-8-4. For seven-team divisions, the points are 32-24-20-16-12-8-4. For five- and four-team divisions the points for relays are respectively: 24-16-12-8-4 and 20-12-8-4. Points are not awarded for any event unless the event is actually swum. In the event of a tie, the points for the tied place and the next place will be added and divided between the tied swimmers. The next finisher will receive the next place down.
- Example:** a tie for first in an individual event. Add the points for first and second place ($16 + 13 = 29$) and divide by 2 (29 divided by $2 = 14.5$). The two tied swimmers each receive 14.5 points and the next finisher receives third place.
- v. **Awards.** In individual events, MCSL medals for 1st, 2nd, and 3rd; ribbons for 4th, 5th and 6th. In relay events, MCSL medals for 1st; ribbons for 2nd, 3rd, 4th, 5th, and 6th. Duplicates awarded for ties.
- w. **Meet results.** The division automation liaison will forward the meet results to the MCSL automation chair.

- x. **Postponed or interrupted meets.** A postponed or interrupted meet shall be considered one continuous meet. The roster and original meet entry report cannot be changed.
- y. **Exhibition swimming.** Exhibition swimming is permitted for swimmers disqualified for false starts (where the start signal is not given) and for other swimmers if all teams agree. No additional heats shall be added to accommodate exhibition swims. An exhibition swimmer may not place in an event, and the time may not be included in his/her team's results.

14. Division Champion Calculation

- a. **Dual meet points.** A team earns six points for a win, three points for a tie and zero points for a loss.
- b. **Division relay meet (relay carnival) points.** Teams placing 1st through 6th earn points as follows: 10-8-6-4-2-0. For a seven-team division, the points are 12-10-8-6-4-2. For a five-team division, the points are 8-6-4-2-0. For a four-team division, the points are 6-4-2-0. Team ties remain as ties. The points are added and divided between the tied teams.
- c. **Division championship meet (divisionals) points.** Teams placing 1st through 6th earn points as follows: 20-16-12-8-4-0. For a seven-team division, the points are 24-20-16-12-8-4-0. For a five-team division, the points are 16-12-8-4-0. For a four-team division, the points are 12-8-4-0. Team ties remain as ties. The points are added and divided between the tied teams.
- d. **Determination of final place in division.** A team's final place in the division is the sum of its dual meet, relay meet and division championship meet points.
- e. **Awards.** Trophies will be awarded to the 1st, 2nd and 3rd place teams in each division.

15. MCSL Coaches Invitational Long Course Meet

- a. **The meet shall be conducted under USA Swimming Stroke & Turn rules.**
- b. **Size of pool.** This meet must be held in a 50-meter pool with at least 8 lanes.
- c. **Events.** Events are swum by stroke: Individual Medley, Freestyle, Backstroke, Breaststroke and Butterfly. Each stroke is comprised of events swum in age group order (8&u, 9-10, etc.). Dual meet events 27, 28, 49 and 50 (the relay events) are not swum. The distance for all events is doubled.
- d. **Entries.**
 - i. **Invitations.** Eight swimmers plus two alternates will be invited to swim in each event. Invitations are based on the swimmer's best time achieved in the corresponding short course meter event in the first three dual meets of the current season.
 - ii. **If a team fails to provide enough volunteers** to help run the meet, that team's swimmers may be excluded from competition as determined by the meet director.
 - iii. **Number of events per swimmer.** A swimmer may compete in a maximum of two events.
 - 1. **Seeding.** Seeding is at the discretion of the MCSL Board. All qualifying times are sorted by rank. Ties are broken to

determine who is entered in the meet by using the next best swim.

Example: Swimmer A has times of 15.10 and 15.25; swimmer B has times of 15.10 and 15.35. Swimmer A will be ranked higher than swimmer B.

2. Selection of events. If a swimmer has more than two equally ranked qualifying times, the events which have the lowest ratio of time to MCSL record will be selected and the other events dropped to give the swimmer the maximum of two entries. The times for other swimmers will be re-ranked to reflect the scratching of these events. Before this automatic scratching process, swimmers may elect to scratch from individual events they do not wish to swim by notifying the MCSL Automation Chair. Such swimmer-initiated scratches must be submitted by the deadline posted on the MCSL web site. After this deadline, swimmers may only scratch from the entire meet. Early notification is important to allow the maximum number of swimmers to compete.
 3. No swims. If a swimmer fails to swim an event in which he or she is entered, he or she may be ineligible to swim subsequent events at the discretion of the meet referee and the MCSL Board
- e. **No swim-ups.** Each swimmer must compete in his or her own age group.
 - f. **Heats.** There will be one heat of every event. Lanes will be assigned by seeding.
 - g. **Order of finish.** The order of finish for each event shall be determined by electronic timing in accordance with USA Swimming Rules.
 - h. **Awards.** Plaques for first, second and third; medals for fourth, fifth and sixth; ribbons for seventh through sixteenth; duplicates for ties
 - i. **Interrupted meet.** The MCSL Board shall determine the postponement and rescheduling of the meet.

16. MCSL All Star Relay Meet

- a. **Teams are expected to provide volunteers** for this meet roughly in proportion to the number of entries they have in the meet. Failure to do so may result in the team being barred from the meet. This will be determined by the Chairman of the Competition Committee and endorsed by the majority of the MCSL Board.
- b. **Organization of meet.** This meet will be run in two sections: Section I and Section II. Section I will include teams in Division A through the middle MCSL division; Section II will include teams after the middle to the last division. When there is an even number of divisions, the sections will be divided equally. When there is an odd number of divisions, the Board will determine by a flip of a coin which section has the extra division for that year. In subsequent years, the extra division will alternate between sections until the MCSL adds enough teams to move to an even number of divisions.
- c. **Size of pool.** The meet must be held in a 25-meter pool with at least 8 lanes. The depth at the shallow end shall not be less than 4'0".
- d. **Events.** The order of events is the same as the order for the division relay meet.
- e. **Entries.**
 - i. **Invitations.** Eight teams plus two alternates will be invited for each event at each section of the meet. The team with the fastest time in the event from each division will be invited first and seeded in the

available lanes. If there are still positions available after these teams are seeded, the teams with the next fastest times in the section will be invited either to fill a lane or stand as alternates. Only times swim by relay teams with no swim-ups in 25-meter pools in MCSL dual, relay or divisional meets in the current season will be used for selecting entries.

- ii. **Ties.** With the exception of events that are also swum in dual meets (in which the tie breaker will be the team with the next fastest swim in that season) when there is a tie for first place in a Division Relay Meet event, all teams involved will be invited to the All Star Relay Meet. If this results in more than eight teams being invited from that section there will be two heats run in the All Star Relay Meet in that event. If two heats are run, there will be a minimum of three teams swimming in the first heat with the remaining teams with the fastest time seeded in the second heat.
- iii. **Swimmers.** A white MCSL "Official Relay Entry Card" containing each swimmer's first and last name will be submitted to the clerk of course prior to the event. No substitutions are permitted after the entry cards are turned into the clerk of course.
- f. **No swim-ups.** Each swimmer must compete in his or her own age group.
- g. **Heats.** There will be one heat of every event. Lanes will be assigned by seeding.
- h. **Order of finish.** The order of finish for each event shall be determined by electronic timing in accordance with USA Swimming Rules.
- i. **Awards.** For each section, plaques for first place, medals for second and third, ribbons for fourth through eighth with duplicates for ties.
- j. **Interrupted meet.** The MCSL Board shall determine the postponement and rescheduling of the meet.

17. MCSL Individual All Star Meet

- a. **Teams are expected to provide volunteers** for this meet roughly in proportion to the number of entries they have in the meet. Failure to do so may result in the team being barred from the meet. This will be determined by the Chairman of the Competition Committee and endorsed by the majority of the MCSL Board.
- b. **Size of pool.** This meet must be held in a 25 meter pool with at least 8 lanes. The depth at the shallow end shall not be less than 4'0".
- c. **Events.** The order of events is the same as the order for dual meets without events 27, 28, 49 and 50 (the relay events).
- d. **Entries.**
 - i. **Eligibility.** A swimmer must have competed in at least two MCSL dual ("A") meets or one dual ("A") meet and the Divisional Championship Meet during the current season to be eligible to swim in the Individual All Star meet. Requests for a waiver of this requirement must be made in writing to the Rules Committee by the day after the Division Championship (divisional) meet.
 - ii. **Invitations.** Sixteen swimmers plus three alternates will be invited to swim in each event. Invitations are based on the swimmer's best time achieved in the event in dual meets and the Division Championship (divisional) meet during the current season.
 - iii. **Number of events per swimmer.** A swimmer may compete in a maximum of two events.
 1. **Seeding.** Seeding is at the discretion of the MCSL Board. All qualifying times are sorted by rank. Ties are broken to

determine who is entered in the meet by using the next best swim.

Example: Swimmer A has times of 15.10 and 15.25; swimmer B has times of 15.10 and 15.35. Swimmer A will be ranked higher than swimmer B.

2. Selection of events. If a swimmer has more than two equally ranked qualifying times, the events which have the lowest ratio of time to MCSL record will be selected and the other events dropped to give the swimmer the maximum of two entries. The times for the other swimmers will be re-ranked to reflect the scratching of these events. Before this automatic scratching process, swimmers may elect to scratch from individual events they do not wish to swim by notifying the MCSL Automation Chair. Such swimmer-initiated scratches must be submitted by the deadline posted on the MCSL web site. After this deadline, swimmers may only scratch from the entire meet. Early notification is important to allow the maximum number of swimmers to compete.
3. No swims. If a swimmer fails to swim an event in which he or she is entered, he or she may be ineligible to swim subsequent events at the discretion of the meet referee and the MCSL Board.
- e. **No swim-ups.** Each swimmer must compete in his or her own age group.
- f. **Heats.** There will be two heats of every event. Lanes will be assigned by seeding, with the fastest swimmers swimming in the second heat.
- g. **Order of finish.** The order of finish for each event shall be determined by electronic timing in accordance with USA Swimming rules.
- h. **Awards.** Plaques for first, second, and third; medals for fourth, fifth and sixth; ribbons for seventh through sixteenth; duplicates for ties.
- i. **Interrupted Meet.** The MCSL Board shall determine the postponement and rescheduling of the meet.

18. Disqualifications (DQ's)

- a. **Use of Video** equipment for verifying or over-turning of Disqualifications or Order of finish is prohibited.
- b. **General.** MCSL Technical Rules in this handbook apply.
- c. **Documentation.** DQ cards are to follow the template provided by the MCSL. For individual events the DQ card shall contain the name of the swimmer and the swimmer's team. For relay events the DQ card shall contain the relay swimmer number (1-4) and the team name. The DQ card must be signed by the disqualifying official(s), the referee and the swimmer's coach or designated team representative. If a team wishes to have DQ's handled by a representative other than the coach, that representative must be identified to the referee at the start of the meet.
- d. **Timeliness.** The referee shall get the DQ card to the coach for signature before the next event begins. The DQ card then becomes part of the official record of the meet.
- e. **Relay take-offs.**
 - i. Dual confirmation of illegal take-offs is required; that is, both the side take-off judge and the lane take-off judge must record that a particular swimmer left early for a team to be disqualified. Both the

lane and side take-off judge shall sign the MCSL DQ slip for dual confirmed early take-off violations (see 18.c for additional signatures required). Swimmers must be in a forward starting position when the relay exchange takes place.

- ii. Running starts. Running starts are not permitted in relay races. The swimmer may take at most one step to bring his or her foot to their starting position at the exchange.
 - iii. Pushing. Swimmers on the deck must not push other swimmers into the water. Aside from the obvious safety issue, if an individual aids another swimmer by pushing them into the water at the start of a race or relay leg, that relay team should be disqualified for unsportsmanlike conduct.
 - iv. Jurisdiction. For dual meets and Divisionals, disqualifications for running starts or pushing falls under the jurisdiction of the starter, who also has responsibility for watching swimmers who take more than one step to bring them to their starting position during the start of a relay leg. For Relay Carnivals, the chief judge will also watch for running starts or pushing for starts or exchanges that occur on his or her end of the pool.
- f. **Failure to swim an event.** With the exception of MCSL Coaches' Invitational Long Course and Individual All Stars), a swimmer who misses an event will be disqualified from that event, but may swim his or her subsequent events. However, a swimmer may not swim an additional event because he or she missed an earlier event. At the MCSL Invitational meets, a swimmer who misses an event will be disqualified from that event and may be disqualified from subsequent events at the discretion of the meet referee and the MCSL Board.
- g. **The following is taken from the USA Swimming Rulebook.**
1. A disqualification can be made only by the official within whose jurisdiction the infraction has been committed. Except for the Relay Take-off judges when dual confirmation relay take-off judging, as provided in 102.13.6B, is used, the Referee, Stroke, Turn, or Relay Take-off judge upon observing an infraction, shall immediately raise one hand overhead. If the official does not do so, there shall be no disqualification unless the meet is being conducted under World Aquatics procedures. (Note that if an official does not raise their hand, the Referee has the authority to disqualify a swimmer for a violation that he/she personally observes).
 2. The Referee or designated official making a disqualification shall make every reasonable effort to seek out the swimmer or his/her coach and inform him/her as to the reason for the disqualification. Failure to notify does not negate the disqualification. Note that the MCSL rule overrides this (see Guide for Officials 12.j in the MCSL Handbook).
 3. Any swimmer who acts in an unsportsmanlike or unsafe manner within the swimming venue may be considered for appropriate action or penalty by the Referee.
 4. The swimmer must remain and finish the race in the same lane in which they started.
 5. Standing on the bottom during a freestyle race shall not disqualify a swimmer, but a swimmer must not leave the pool, or walk, or spring from the bottom. Standing on the bottom during any other stroke shall result in disqualification.
 6. Obstructing or otherwise interfering with another swimmer shall disqualify the offender, subject to the discretion of the Referee.

7. Any swimmer not entered in a race who enters the pool or course in the area in which said race is being conducted before all swimmers therein have completed the race shall be barred from the next individual event in which that swimmer is entered on that day or the next meet day, whichever is first. (In MCSL, the next meet day only applies in the event of a postponed or interrupted meet).
8. Dipping goggles in the water or splashing water on the swimmer's face or body prior to an event shall not be considered as entering the pool unless the Referee finds that such action is interfering with the competition.
9. Should a foul endanger the chance of success of a swimmer(s), the Referee may allow the affected swimmer(s) to re-swim the event. In case of collusion to foul another swimmer, the Referee may, at his/her discretion, disqualify the swimmer for whose aid the foul was committed, as well as the swimmer committing the foul.
10. Grasping lane dividers to assist forward motion is not permitted. (In MCSL this may also include the side coping stone, ladder or any other object that assists in forward motion).
11. The time and/or place of any swimmer or relay team disqualified either during or following an event shall not be recorded in the results of that event. If awards have been made prior to the decision to disqualify they shall be returned and made to the proper recipient(s) and if points have been scored by those disqualified the event shall be rescored.
12. Time and/or place officially recorded for a swimmer shall not be nullified for violations occurring subsequent to such performance.

19. Protests and Penalties

- a. **Protests regarding turns, strokes and other swimming technicalities.** Protests involving judgment decisions by starters, stroke and turn judges and relay take-off judges must be considered and resolved by the referee at the meet. Only the team representative may present these types of protests. The team representative shall lodge the protest with the referee within 30 minutes after the scoring has been completed. The referee can overrule any starter, stroke and turn judge or relay take-off judge only on a point of rule interpretation or on a judgment decision pertaining to an action that the referee has personally observed.
- b. **Protests regarding other MCSL rules.** Protests arising during or after the meet dealing with issues other than swimming technicalities which cannot be satisfactorily settled by parties involved shall be referred within three days to the Chairperson of the Rules Committee.
- c. **Other protests.**
 - i. **Facilities and equipment.** Protests related to facilities and equipment that the home team proposes to use should be made at least 12 hours prior to the start of the meet by contacting the Chairperson of the Rules Committee.
 - ii. **Ineligible swimmer.** Protests involving an ineligible swimmer on a team roster can be made at any time during the season. An ineligible swimmer is one who does not meet MCSL rules (see especially "General-Eligibility of a Swimmer to Participate on a Team", above). If an ineligible swimmer is found to have been entered in an event after the event has been swum, the points earned by the ineligible swimmer shall be cancelled, the order of finish corrected and the meet score adjusted accordingly.

- d. **Method of protest.** All protests must be submitted on the protest form available from the MCSL web site. If a protest does not include all requested information, the Rules Committee at its discretion may deny the protest without further consideration.
- e. **Decision.** After consideration of the facts provided and other facts that the Committee may gather, the Committee shall take appropriate action.

20. Records

- a. **Records kept.** MCSL shall keep a record for the fastest time swum for each MCSL event, including events swum at the divisional relay meets (Relay Carnival) and the Coaches' Invitational Long Course meet
- b. **Requirements and conditions.**
 - i. A record time can be achieved only by a swimmer swimming in his or her own age group. Times achieved by swimmers swimming in an older age group are not eligible.
 - ii. The lane in which the record time is achieved must have at least three timers or be equipped with an automatic timing device operated in accordance with MCSL rules.
 - iii. If one or more watches fail, back-up times shall be used in the order designated by the head timer prior to the event
 - iv. Relay lead off splits. A record can be achieved by a swimmer who swims the first leg of a relay under the following conditions:
 - 1. 3 additional timers need to be provided.
 - 2. The time must meet all the requirements and conditions for a record.
 - 3. Times achieved by a swimmer who swims the first leg of a relay cannot be used to qualify for the Individual All Star Meet or the Coaches' Invitational Long Course meet.
- c. **Submitting records.**
 - i. The referee, head timer and the three timers on the lane must verify the record time by signing the lane/timer sheet or entry card.
 - ii. Within one week of the day on which the record time was swum, the host team must submit the signed lane/timer sheet or entry card to the MCSL Records Chairperson.
 - iii. Records achieved at the Coaches' Invitational Long Course, Invitational All Star or Relay All Star meets shall be submitted to the meet manager.
- d. **Recognition.** Swimmers achieving an MCSL record will receive a certificate and a patch.

Guide for Officials

1. Timers

- a. Timers should assure that their watches are functioning properly at all times during the meet by:
 - i. Checking their watch for accuracy at the starter's "time check"
 - ii. Checking their watch occasionally during each event to make certain it is operating.
- b. Timers should look at the starting device and start their watches at the sight of the flash - not by the sound (unless a solely audible device is used). Timers should feel free at the start of a race to move to a position from which they can clearly see the starting device.
- c. Before the end of each race, timers should position themselves at the end of the pool directly overlooking the finish line in order to observe closely the swimmer's finish.
- d. The watch should be stopped when any part of the swimmer's body touches the solid wall at the end of the pool (or the touch pad if automatic timing equipment is being used). It is not the responsibility of the timer to judge if the finish touch meets the requirements of the appropriate stroke finish rule.
- e. If during an event a timer discovers that he or she has failed to properly start or stop the watch or that the watch is not functioning properly, the timer should immediately raise his or her hand and notify the head timer or the assistant head timer.
- f. The official time used will be the time of two watches that agree or the middle time if none agree, and will be recorded to the hundredths (e.g. 1:35.79). If times from only two watches are available, the average should be recorded to the hundredth of a second (thousandths should be dropped, i.e. 1:25.435 to 1:25.43).

2. Head Timers

- a. The head timer shall start two watches and visually check the timers to ensure that no timer needs a replacement watch.
- b. The head timer shall time each race and, generally, shall time the winner except when needed for another lane. However, if a record is being contested, the head timer will time that lane and not substitute.
- c. The head timer shall see that at least one alternate timer is available during the meet for use where needed.
- d. The head timer shall instruct timers to clear their watches before the start of each race.
- e. The Head Timer shall collect all lane/timer sheets and shall check and approve the official time reported at each lane for each event.
- f. The head timer shall assure that at least three timers are available at any lane in which a record is likely to be contended or broken.
- g. If valid times are available from less than three watches on a lane, the head timer shall have the assistant head timer verify the validity of the available times by initialing the card or lane/timer sheet and presenting the card or lane/timer sheet to the referee for his initials.
- h. The head timer shall prepare the proper forms for record claims when appropriate, secure confirmations from lane timers and submit the form for approval by the referee.

3. Head Scorer

- a. The head scorer receives the cards or lane/timer sheets from the head timer and checks that the official time is indicated correctly (the middle of three times, two times which agree or see rule 10.a (“General–Official Time”) if less than three times are available).
- b. The head scorer reads the official times in lane order to the computer operator and then passes the cards or lane/timer sheets to the computer operator.
- c. The head scorer may be asked as a courtesy to check pool and team records, but it is not necessary to check for All Star nominating times or MCSL records since they will be flagged by the computer program.

4. Computer Operator

- a. The computer operator must be thoroughly familiar with the MCSL Automation Training Handbook. Detailed guidelines for running the meet will be found there.
- b. The computer operator attends the scratch meeting to receive any changes in the meet which have occurred as a result of the scratch meeting. Such changes will be entered into the computer before the start of the meet.
- c. The computer operator enters times as read by an automation assistant in each event. At the conclusion of the event, he or she prints out the results to be checked by the scorer/automation assistant or verifier.
- d. At the conclusion of the meet the home team is responsible for printing two copies of the results and placing the result on disk (or other compatible device) to be turned into the Division Automation Liaison or communicating the results to the Division Automation Liaison electronically.

5. Scorer/Automation Assistant

- a. The “scorer” is an automation assistant provided by the visiting team to review results printed out by the computer.
- b. At the conclusion of each event, the scorer compares the cards or lane/timer sheets to the printout from the computer. When errors are found, the printout is returned to the computer operator for correction.
- c. When the results have been certified correct, the printout and ribbon labels (if produced by computer) are passed to the ribbon writers.
- d. Each team typically provides an additional automation assistant/verifier to help verify middle times, relay names and results.

6. Ribbon Writers/Awards

- a. Each team is responsible for providing a ribbon “writer” at the scoring table.
- b. If labels are produced by computer, the ribbon writer’s job is to attach the correct label to the appropriate finish ribbon and then place the ribbon in the appropriate team ribbon box.
- c. If computer generated labels are not produced at the meet, the ribbon writer must transcribe the information from the results printout to the appropriate finish ribbon.
- d. If it is known in advance that computer generated labels will not be available, the home team should prepare ribbons before the start of the meet by writing the meet date, event number, distance and stroke on ribbons for each event.

7. Take-Off Judges

Note: *Take-off Judges determine whether a swimmer in a relay team leaves the side of the pool before the prior relay swimmer touches the wall.* Relay starts for all swimmers after the first are governed by different rules from those at the initial start. The outbound swimmer can lean, be off balance, and can be in motion in anticipation of the incoming swimmer's finish. The only requirement is that some portion of the outgoing swimmer's foot is still in contact with the take-off surface when the incoming swimmer touches the end of the pool. Take-off judges for a relay event should watch the feet of the outgoing swimmer leave the deck or wall and then look to see if the incoming swimmer has touched the wall. If the incoming swimmer has not touched the wall, it is an early take-off. Write an X through any early exchanges on the relay take-off slip. Do not raise your hand or otherwise communicate that a take-off infraction has occurred.

- a. Dual confirmation shall be required to confirm an illegal take-off.
- b. Placement of take-off judges for relays. The Take-off judging configuration shall consist of four (4) Take-Off Judges at each end of the pool requiring relay exchanges with two of the judges positioned on the side of the pool (Side Take-off judges) and two of the judges positioned in the middle of the pool (Lane Take-off judges). The Lane Take-off judges shall be positioned between lanes three (3) and four (4). The Side Take-off judge closest to lane one (1) and the Lane Take-off judge closest to lane three (3) have jurisdiction over lanes one (1) through three (3) and the Side Take-off judge closest to lane six (6) and Lane Take-off judge closest to lane four (4) have jurisdiction over lanes four (4) through six (6). Additionally, any two Take-off judges with jurisdiction over the same relay exchanges (observing take-offs for the same lanes) may not be from the same team. Take-off judges shall station themselves (after the first swimmer has started) alongside the next swimmer so that they can clearly see both the touch of the incoming swimmer and the feet of the departing swimmer as the latter leaves the deck or wall.
- c. Lane and side take-off judges shall independently record infractions in writing without the use of hand signal during the race. The judge shall use forms provided to record whether each relay exchange observed was legal or illegal. If a team has committed an illegal take-off, the judge shall so inform the referee at the end of the event. Judges must not confer with each other or with timers during the event regarding their calls.
- d. The take-off judge must not, in any way, signal or advise the swimmer when to depart, nor affect the swimmer's take-off in any fashion.

8. Stroke and Turn Judges

- a. The duties of the stroke and turn judges shall be to determine whether the swimmers perform their strokes, turns and finishes in accordance with the prescribed rules (those in the current USA Swimming Rules and Regulations, except where modified by MCSL rules).
- b. Each stroke and turn judge must be thoroughly familiar with all of the applicable rules.
- c. A disqualification for illegal techniques should be called whenever a stroke and turn judge observes a violation of the rules, even though it may have no effect on the outcome of the race. Conversely, a disqualification should not be called if the stroke and turn judge has reasonable doubt that he or she actually has seen the presumed fault. If a disqualification is

observed, the stroke and turn judge shall indicate this by raising his or her hand immediately without waiting for the race to finish.

- d. Disqualifications shall be reported to the referee at the end of each event.
- e. The stroke and turn judge should not review or discuss a potential disqualification prior to his or her decision with anyone except the referee.

9. Chief Judge

USA Swimming defines a chief judge as follows: *“An overall ‘Chief Judge’ may assign and supervise the activities of all Stroke and Turn Judges and Take-off Judges and may report their decisions. If desired, any judging category may have a designated ‘Chief’. Any ‘Chief’ may act as liaison for the judges and may serve simultaneously in one of the judging positions and shall assign those judges within the ‘Chief’s’ category.”*

Any person appointed to be Chief Judge shall be MCSL certified as a referee, be experienced (at least two years’ experience as a Stroke and Turn judge) and be willing to supervise the activities of others.

- a. **For MCSL, a Chief Judge shall be responsible for the following:**
 - i. Work with the referee to determine Stroke and Turn Judge placement, jurisdiction, and rotation. The Referee may delegate authority to the Chief Judge to conduct the Stroke & Turn Judge briefing and make deck assignments.
 - ii. Other duties for the Chief Judge as the Referee sees fit.
- b. **During the meet the Chief Judge will be positioned at the opposite end of the pool from the Referee** and shall handle any stroke and turn infractions that are called by the Stroke and Turn Judges at the Chief Judge’s end of the pool. Handling an infraction means that the chief judge will ask the Stroke and Turn Judge what they saw, why it is an infraction, and where they were positioned. Once the Chief Judge has approved the disqualification, he or she will take it to the Referee for final approval and sign off.
- c. **The Chief Judge may fill in for a Stroke and Turn Judge in an emergency.**
- d. **The Chief Judge works under direct supervision of the Referee.** The Chief Judge will not make Stroke and Turn calls, or any other call or judgment independent of the Referee, except as noted in the next item below. If the Chief Judge observes an infraction, the Chief Judge should talk to the Referee.
- e. **During Relay Carnivals,** the Chief Judge shall observe relay exchanges to ensure that swimmers entering the water from the deck take no more than one step to bring them to their starting position and also to ensure that no individual aids another swimmer by pushing them into the water at the start of a relay leg. The Chief Judge shall raise his/her hand if he/she observes a violation of these rules. This applies to relay exchanges for swimmers entering the water from the deck at the end of the pool where the Chief Judge is positioned.

MCSL recommends using a Chief Judge for Divisional and All Star meets.

MCSL does not recommend using a Chief Judge at dual “A” meets.

10. Administrative Referee/Official

- a. MCSL does not use an Administrative Referee or an Administrative Official.

11. Starter

Rules for the forward start, the in-water start, the back start and false starts are given in the section *Rules for Starts and False Starts*.

- a. An electronic starting horn with an electronic strobe signal is the preferred starting device.
- b. The Starter shall stand within approximately five meters of the starting end of the pool. The starting unit shall be in the general vicinity of the start end backstroke flags. The visual starting signal shall be clearly visible to all of the swimmers and timers. The starting signal shall be audible to all starting positions.
- c. Upon signal from the Referee, the Starter assumes full control of the swimmers until a fair start has been achieved.
- d. Optional instructions include:
 - i. Event, stroke and distance
 - ii. For backstroke starts, the command, "Place your feet"
 - iii. "Stand" command to release swimmers if field is unsettled
- e. At the commencement of each heat, the Referee shall signal to the swimmers by a short series of whistles (four or five) to remove all clothing except for swimwear, followed by a long whistle indicating that they should take their starting positions and remain there. In backstroke and medley relay events, at the Referee's first long whistle the swimmers shall promptly enter the water and at the second long whistle shall return without undue delay to the starting end.
- f. When the swimmers and officials are ready, the Referee shall signal with an outstretched arm to the Starter that the swimmers are under the Starter's control.
- g. On the Starter's command "**Take Your Marks**", the swimmers shall immediately assume their starting position with at least one foot at the edge of the pool. When all swimmers are stationary, the Starter shall give the starting signal.

Other responsibilities of the starter:

- h. During relay exchanges, the Starter is responsible for ensuring that swimmers entering the water from the deck take no more than one step to bring them to their starting position. Running starts are not permitted. The Starter shall also ensure that no individual aids another swimmer by pushing them into the water at the start of a race or relay leg. This applies to all starts and relay exchanges for swimmers entering the water from the deck during dual meets and Divisionals. During Relay Carnivals, the Starter shall observe starts and relay exchanges for swimmers entering the water from the deck that take place on his/her side of the pool (the Starter does not need to observe in-water relay exchanges). The Starter shall raise his/her hand if he/she witnesses a violation of these rules.
- i. The Referee may ask the Starter to record the order of finish.

12. Referee

- a. The referee is the final arbiter of all decisions and questions during the conduct of the meet. The rulings of the referee during the meet shall be final, subject only to the protest procedures described elsewhere in this handbook.
- b. The Referee shall have full authority over all officials and shall assign and instruct them; shall enforce all applicable rules and shall decide on all questions relating to the actual conduct of the meet, the final settlement of which is not otherwise assigned by said rules; can override any meet

- official on a point of rule interpretation, or on a judgement decision pertaining to an action which the Referee has personally observed.
- c. The referee must be thoroughly familiar with all applicable USA Swimming rules, the MCSL rules, all meet procedures, the duties of all officials and the requirements for conduct of the meet.
 - d. Before the outset of the meet, the referee shall determine that the prescribed number and kinds of officials are available, are familiar with the requirements of their positions and are appropriately placed or located for performing their functions.
 - e. The referee will conduct a scratch meeting pursuant these rules for dual meets and for Divisionals.
 - f. Before the meet begins, the referee shall have all timers perform a check of their watches with the aid of the starter.
 - g. The referee shall determine that the requisite take-off judges and stroke and turn judges have been assigned, equipped as necessary, briefed on their duties and are ready for the start. The referee shall request silence for the start and signal the starter to take charge.
 - h. The referee shall observe starts, strokes, turns, finishes, swimming techniques and other factors relative to the conduct of each event and may disqualify any competitor for any violation of the rules he or she observes. A starting violation must be confirmed by both the starter and the referee.
 - i. The referee shall give decisions, whenever necessary, on any question of compliance with the applicable prescribed rules, any question of unsportsmanlike conduct, failure to meet the required competitive conditions, interference by persons or natural causes, or other problems raised in the conduct of the meet. Flagrant violations of rules pertaining to unsportsmanlike conduct shall be reported by the referee to the Chairperson of the MCSL Rules Committee for appropriate action.
 - j. The referee shall review all disqualifications by stroke and turn judges or take-off judges and if he or she concurs, sign the DQ slips and see that they are officially recorded in the meet results. The Referee shall ensure that that for individual events the disqualified swimmer's name and team and for relay events the swimmer number (1-4) and team are recorded on the DQ slip. The referee must have the DQ slip signed by the designated person from the affected team as an acknowledgement of notification (not necessarily agreement, however) before the next event begins. In the event the team designee declines to sign the slip, the referee may make such a notation.
 - k. The referee shall sign the lane/timer sheet certifying an MCSL record has been achieved.
 - l. The referee shall record a sweep of the finish for each event. The referee's sweep shall not be used by the referee to change the order of finish when valid watch times are available as described in rule 10. The referee may delegate responsibility for conducting sweeps to the starter, if the starter is comfortable doing so.

13. Clerk of Course

- a. The clerk of course shall be provided with an area clearly marked "Clerk of Course" to which all contestants should report as soon as their event is called.
- b. In dual meets, the clerk of course shall be provided with a dual meet entry report and with time sheets or cards arranged by events, one for each lane. The timer sheets or cards will be given to the timers at the beginning of the meet.

- c. All scratches and substitutions pursuant to these rules shall be entered on the entry list during the scratch meeting by the clerk of course. Corresponding changes on the lane/timer sheets or time cards may be made after the meet starts, but must be completed before the swimmers are released by the clerk of course.
- d. The clerk of course should arrange with the announcer to call the events so that an adequate time interval is provided for check-in before each event is swum. In most cases, a two event interval should be adequate.
- e. When competitors for an event report, the clerk of course should inform them of their assigned lanes and help them get to the required places, as necessary. It is particularly important to ensure that swimmers in the 25 meter events, in which the timers are at the opposite end of the pool, are in their proper areas - it is helpful to have assistant(s) to aid with these events.
- f. The dual meet entry report, as corrected by the clerk of course during the scratch meeting shall be retained by the home team until the end of the current MCSL season.

14. Team Representative

- a. The team representative and coach should be familiar with all MCSL rules.
- b. The team representative will ensure that his or her team is represented at all MCSL Board meetings.
- c. The MCSL recommends that team representatives should not officiate on the deck at MCSL meets. In those instances where circumstances require the team representative to function as a deck official, or where the team representative cannot be present at a meet, the team representative is responsible for designating a substitute and for informing the referee and representative from the opposing team(s) of this substitution. From that point, all references in this handbook to the duties of team representative will fall on the designated acting representative. Furthermore, in those instances where the “permanent” representative is present but acting in another capacity, the “permanent” representative will not engage in any activities that are appropriate for a team representative but inappropriate for an official (e.g. consultation with coaches).
- d. The team representative is responsible for maintaining sportsmanlike behavior during the conduct of the meet.
- e. The team representative must ensure that all swimmers on the team roster are eligible to compete in MCSL meets and have the current roster available at all meets.
- f. The team representative must be familiar with the material covered in the MCSL Meet Management Handbook (“Green Book”).
- g. It is important that the team representative double check All Star qualifying nominations, particularly in the results of the dual meet which precedes the Coaches’ Invitational Long Course meet.
- h. The team representative is responsible for the ethics and behavior of parents pertaining to MCSL participation.

Checklist for Meet Managers

Please refer to the MCSL Meet Management Handbook (“Green Book”) as it contains valuable information about running MCSL meets.

MCSL Technical Rules

1. MCSL Starting Rules

Note: Towels draped over the pool edge are permitted at the start. Towels should be removed from the pool edge before the swimmer returns to the starting end; however, failure to remove a towel is not a valid reason for the swimmer's disqualification.

Note: Starting in the water should be allowed if requested by the swimmer or coach before the race.

a. The Start

- i. The Referee issues a short series of whistle chirps after the last swimmer has touched to alert the next heat to get ready. When the Referee is ready to continue, the Referee blows a single long whistle blast. This signals the swimmers to step up to their starting position (if they haven't already done so) or into the water with one hand in contact with the deck.
 - ii. When the swimmers and officials are ready, Referee shall signal with an outstretched arm to the Starter that the swimmers are under the Starter's control.
 - iii. On the Starter's command "**Take Your Marks**", the swimmers shall immediately assume their starting position, in the forward start, with at least one foot at the front of the starting platform or the deck. When all swimmers are stationary, the Starter shall give the starting signal.
 - iv. When a swimmer does not respond promptly to the command "**Take Your Marks**" or false starts before the starting signal is given, the Starter shall immediately release all swimmers with command "Stand up" on which the swimmers may stand up.
 - v. A swimmer shall not be disqualified for an illegal starting position at the start if the race is permitted to proceed.
- b. **The In-water Forward Start** - Swimmers shall start in the water with at least one hand on the wall or on the deck. To initiate the start, the swimmer shall push off the wall, but shall not push off the pool bottom. At least one of the swimmers' feet shall be in contact with the wall after the "**Take Your Marks**" command. A backstroke start may not be used. Towels may not be used for in-water forward starts. Swimmers may start in the water but the swimmer or coach should notify the Referee of their intentions before the event.

c. The Back Start.

- i. The Referee issues a short series of whistle chirps after the last swimmer has touched to alert the next heat to get ready. In backstroke and medley relay events, at the Referee's first long whistle, the swimmers shall immediately enter the water and at the second long whistle shall return without undue delay to their starting position.
- ii. The swimmers shall line up in the water facing the starting end, with both hands placed on the edge, on the gutter, or on one assistant's legs no higher than mid-calf. The heels of the person providing such

assistance shall not extend beyond the edge of the pool. The swimmer's feet may be placed in any position on the vertical surface of the pool. Standing on, or curling toes over, the edge of the pool, the gutter or a skimmer is not permitted at any time. To initiate the start, the swimmer shall push off the wall, but shall not push off the pool bottom.

d. False Starts:

Note: A false start may be charged to any swimmer who fails to maintain his/her feet and/or hands in a legal position after appropriate warning.

- i. Any swimmer initiating a start before the starting signal may be disqualified if the Referee independently observes and confirms the Starter's observation that a violation occurred. Swimmers remaining on the starting area shall be relieved from their starting positions with the "stand up" command.
- ii. If the starting signal has been given before the disqualification is declared, the race shall continue without recall. If the Referee independently observes and confirms the Starter's observation that a violation occurred, the swimmer or swimmers who have false started shall be disqualified upon completion of the race.
- iii. If the recall signal is activated, no swimmer shall be charged with a false start and the Starter shall restart the race upon signal by the Referee.
- iv. A swimmer who would otherwise be charged with a false start may be relieved of the charge if the false start was caused by the swimmer's reaction to the "stand up" command.
- v. In backstroke or medley relay events a false start may be charged to any swimmer who fails to maintain his/her feet and/or hands in a legal position after the first warning.
- vi. A swimmer shall be disqualified for an illegal starting position at the start if the swimmer moves from a legal starting position to an illegal starting position immediately prior to or after the "take your marks" command provided that the illegal starting position exists when the signal to start the race is given. Enforcement of the correct starting position is the responsibility of the Starter or the Stroke and Turn Judges.
- vii. If a swimmer is disqualified for a false start and the starting signal is not given, the swimmer shall be permitted to swim the event as an exhibition swim.

e. Starting Protocol for Hearing Impaired or Deaf Swimmers.

- i. **Swimmers who are deaf or hard of hearing require a visual starting signal, i.e., a strobe light and/or Starter's arm signals.** The Referee may reassign lanes within the swimmer's heat, i.e., exchanging one lane for another, so that the strobe light or Starter's arm signal can more readily be seen by the swimmer who is deaf or hard of hearing. Standard Starter's arm signals are shown in the following figures. A recall rope is required in the event of a recall, provided the meet host is notified by the entry deadline that a swimmer who is deaf or hard of hearing will be participating.
- ii. **Strobe Light Location** — The Starter shall advise the swimmers about the location of the strobe light and the light shall be located

where the swimmers can clearly see it for the start. For backstroke starts, the light should be positioned so that the swimmers don't have to turn their heads to look backwards.

- iii. The following figures provide suggested arm gestures for starting an event with a swimmer that is deaf or hard of hearing.

Forward Start: Starting protocol for hearing impaired or deaf swimmers
(adapted from USA Swimming Rule Book)

1.		2.		3.		4.	
<p>1. Twist hand at chin level -- short whistles 2. Arm Overhead -- long whistle, swimmer steps up to starting position 3. Arm moves to shoulder level -- signal to "Take Your Marks" 4. Arm moves to side of body -- starting signal</p>							

How to release swimmers from "Take Your Marks"
 Arm raised overhead with palm up (at any time after "Take Your Marks" and prior to starting signal) – swimmer released from "Take Your Marks" command.

Back Start: Starting protocol for hearing impaired or deaf swimmers

1. Twist hand at chin level (short whistles)

2. Arm overhead -- swimmers enter water
 Drop arm to side while swimmers enter water (1st long whistle)

3. Arm overhead -- swimmers return to backstroke start position (2nd long whistle)

4. Arm moves to shoulder level -- signal to "Take your Marks"

5. Arm moves to side -- Starting signal

All rule infractions contained in the following section fall under the jurisdiction of the stroke and turn judge, unless otherwise noted.

2. Breaststroke

- a. Start – The forward start shall be used.
- b. Stroke – After the start and after each turn when the swimmer leaves the wall, the body shall be kept on the breast. It is not permitted to roll onto the back at any time except at the turn after the touch of the wall where it is permissible to turn in any manner as long as the body is on the breast when leaving the wall. Throughout the race the stroke cycle must be one arm stroke and one leg kick in that order.

All movements of the arms shall be simultaneous without alternating movement.

The hands shall be pushed forward together from the breast on, under, or over the water.

The elbows shall be under water except for the final stroke before the turn, during the turn and for the final stroke at the finish. The hands shall be brought back on or under the surface of the water. The hands shall not be brought back beyond the hip line, except during the first stroke after the start and each turn.

During each complete cycle, some part of the swimmer's head shall break the surface of the water. After the start and after each turn, the swimmer may take one arm stroke completely back to the legs. The head must break the surface of the water before the hands turn inward at the widest part of the second stroke.

- c. Kick – After the start and each turn, at any time prior to the first breaststroke kick, a single butterfly kick is permitted. Following which, all movements of the legs shall be simultaneous without alternating movement.

The feet must be turned outwards during the propulsive part of the kick. Scissors, alternating movements or downward butterfly kicks are not permitted except as provided herein. Breaking the surface of the water with the feet is allowed unless followed by a downward butterfly kick.

- d. Turns and Finish – At each turn and at the finish of the race, the touch shall be made with both hands separated and simultaneously at, above, or below the water level. At the last stroke before the turn and at the finish an arm stroke not followed by a leg kick is permitted. The head may be submerged after the last arm pull prior to the touch, provided it breaks the surface of the water at some point during the last complete or incomplete cycle preceding the touch.

3. Butterfly

- a. Start – The forward start shall be used.
- b. Stroke – After the start and after each turn, the swimmer's shoulders must be at or past the vertical toward the breast. The swimmer is permitted one or more leg kicks, but only one arm pull under water, which must bring the swimmer to the surface. It shall be permissible for a swimmer to be completely submerged for a distance of not more than 15 meters (16.4 yards) after the start and after each turn (in MCSL use the far end

backstroke flags). By that point, the head must have broken the surface. The swimmer must remain on the surface until the next turn or finish. From the beginning of the first arm pull, the body shall be kept on the breast except at the turn after the touch of the wall where it is permissible to turn in any manner as long as the body is on the breast when leaving the wall. Both arms must be brought forward simultaneously over the water and pulled back simultaneously under the water throughout the race.

- c. Kick - All up and down movements of the legs and feet must be simultaneous. The position of the legs or the feet need not be on the same level, but they shall not alternate in relation to each other. A scissors or breaststroke kicking movement is not permitted.
- d. Turns - At each turn the body shall be on the breast. The touch shall be made with both hands separated and simultaneously at, above, or below the water surface. Once a touch has been made, the swimmer may turn in any manner desired. The shoulders must be at or past the vertical toward the breast when the swimmer leaves the wall.
- e. Finish – At the finish, the body shall be on the breast and the touch shall be made with both hands separated and simultaneously at, above, or below the water surface. **Additionally, once some part of the head of the swimmer has passed the final backstroke flags, immediately prior to reaching for the finish, the swimmer may be completely submerged.**

4. Backstroke

- a. Start - The back start shall be used.
- b. Stroke – Standing in or on the gutter or curling the toes over the lip of the gutter immediately after the start is not permitted. The swimmer shall push off on their back and continue swimming on the back throughout the race. Some part of the swimmer must break the surface of the water throughout the race, except it is permissible for the swimmer to be completely submerged during the turn and for a distance of not more than 15 meters (16.4 yards) after the start and after each turn (in MCSL use the far end backstroke flags). By that point, the head must have broken the surface of the water.
- c. Turns – Upon completion of each length, some part of the swimmer must touch the wall. After the swimmer's head has passed the backstroke flag, prior to the turn, the swimmer's upper shoulder may (but is not required to) rotate past vertical toward the breast before the touch is completed provided such rotation is accomplished by an initiation of the turning action or continuation into the wall. The initiation of the turning action shall be accomplished by a single-arm or simultaneous double-arm pull, or in the absence of such pulls, by a downward, underwater movement of the head. After the initiation of the turning action, no additional arm pulls may be started; however kicking and gliding actions are permitted. The swimmer must have returned to a position on the back upon leaving the wall.
- d. Finish – Upon the finish of the race, the swimmer must touch the wall while on the back. **Additionally, once some part of the head of the swimmer has passed the final backstroke flags, immediately prior to reaching for the finish, the swimmer may be completely submerged.**

5. Freestyle

- a. Start – The forward start shall be used.

- b. Stroke – In an event designated freestyle, the swimmer may swim any style, except that in a medley relay or an individual medley event, freestyle means any style other than butterfly, breaststroke or backstroke. Some part of the swimmer must break the surface of the water throughout the race, except it shall be permissible for the swimmer to be completely submerged during the turn and for a distance of not more than 15 meters (16.4 yards) after the start and each turn (in MCSL use the far end backstroke flags). By that point, the head must have broken the surface.
- c. Turns – Upon completion of each length the swimmer must touch the wall.
- d. Finish – The swimmer shall have finished the race when any part of his person touches the wall after completing the prescribed distance. **Additionally, once some part of the head of the swimmer has passed the final backstroke flags, immediately prior to reaching for the finish, the swimmer may be completely submerged.**

6. Individual Medley

- a. The swimmer shall swim the prescribed distance in the following order: the first one-fourth, butterfly; the second one-fourth, backstroke; the third one-fourth, breaststroke; and the last one-fourth, freestyle.
- b. Start – The forward start shall be used.
- c. Stroke – The stroke for each one-fourth of the designated distance shall follow the prescribed rules for that stroke, except in the freestyle, the swimmer must be on the breast except when executing a turn.
- d. Turns
 - i. Intermediate turns within each stroke shall conform to the turn rules for that stroke, except that in the freestyle turn, the swimmer must return to the breast before any kick or stroke after leaving the wall. (This does not apply for Individual Medley in MCSL since there are no intermediate turns in Individual Medley events).
 - ii. The turns when changing from one stroke to another shall conform to the finish rules for the stroke just completed, and shall be as follows:
 - iii. Butterfly to backstroke – The swimmer must touch as described in 3.e above. Once a legal touch has been made, the swimmer may turn in any manner, but the shoulders must be at or past the vertical toward the back when the swimmer leaves the wall.
 - iv. Backstroke to breaststroke – The swimmer must touch the wall while on the back. Once a legal touch has been made the swimmer may turn in any manner, but the shoulders must be at or past the vertical toward the breast when the swimmer leaves the wall and the prescribed breaststroke form must be attained prior to the first arm stroke.
 - v. Breaststroke to freestyle – The swimmer must touch as described in 2.d above. Once a legal touch has been made, the swimmer may turn in any manner and must return to the breast before any kick or stroke.
- e. Finish – The swimmer shall have finished the race when any part of his/her person touches the wall after the prescribed distance.

7. Relays

- a. Freestyle Relay – Four swimmers on each team swim the prescribed distance using any desired stroke(s). Freestyle finish rules apply.
- b. Medley Relay – Four swimmers on each team, each to swim one-fourth of the prescribed distance in the following order: first, backstroke; second, breaststroke; third, butterfly; and fourth, freestyle. Rules

pertaining to each stroke used as described in 6. (Individual Medley) shall govern where applicable. At the end of each leg, the finish rule for each stroke applies in each case.

- c. Rules pertaining to relay races:
- i. No swimmer shall swim more than one leg in any relay event.
 - ii. In relay races a swimmer other than the first swimmer shall not start until his/her teammate has concluded his/her leg.
 - iii. Any relay team member and his/her relay team shall be disqualified from a race if a team member other than the swimmer designated to swim that leg enters the pool in the area where the race is being conducted before all swimmers of all teams have finished the race. Exception: When an in-water start is required or such start is approved by the Referee.
 - iv. Each relay team member shall leave the water promptly upon finishing his/her leg, except the last member.
 - v. In relay exchanges, the team of a swimmer whose feet have lost touch with the deck or whose body has lost contact with the wall (for in-water relay exchanges) before his/her preceding teammate touches the wall shall be disqualified. This rule falls under the jurisdiction of the relay take-off judges for dual meets, division relay carnival meets, and division championship meets.
 - vi. A swimmer may not take more than one step during the forward start of his/her relay leg to get to their starting position. Moving the second foot to the same position as the first foot is not considered as having taken a second step. This rule falls under the jurisdiction of the starter for dual meets and division championship meets, and the starter and chief judge for division relay carnival meets.
 - vii. The 175 meter graduated freestyle relay shall be swum in the following order: 2 lengths 9-10 year olds, 2 lengths 11-12 year olds, 2 lengths 13-14 year olds, and 1 length 8 and under.
 - viii. The 250 meter crescendo freestyle relay shall be swum in the following order: 1 length 8 and under, 2 lengths 11-12 year olds, 4 lengths 15-18 year olds, 2 lengths 13-14 year olds, and 1 length 9-10 year olds. Except at the All Star Relay meet, the 250 meter crescendo freestyle relay shall start in the shallow end with an in-water forward start.
 - ix. All 100 meter medley events shall start in the shallow end. The mixed 8 and under freestyle relay shall start in the deep end. There must be two in-water starts for each 100 meter relay. All swimmers starting their leg of a relay in the shallow end must use an in-water start. This rule does not apply to the All Star Relay meet.
 - x. The 14 & Under Graduated Medley Relay is comprised of one swimmer from each of the 8 & under, 9-10, 11-12 and 13-14 age groups. Each swimmer swims one 25M length of back, breast, fly or free. Any age group may swim any relay leg, but all four age groups must be represented.
 - xi. For pools with no shallow end (4 feet or deeper at both ends), a "shallow" end must be designated.
